THE BIG WD-45

has everyone talking...

And for good reason!

Never before has so much tractor been offered to farmers... at any price!

The outstanding performance of the WD-45 didn't just happen. It represents the latest in tractor engineering—beginning with the POWER-CRATER engine, the world's most advanced farm tractor power plant. This mighty four-cylinder engine gives you all the power you've always wanted—45 horsepower on the belt.

Yes, and there's more. Complete hydraulic system with automatic Traction Booster, built-in, two-clutch power control. Power-Shift rear wheels, plus the newest of all—the SNAP-COUPLER... team up to bring you a combination of conveniences that get all farming jobs done easier... faster—unmatched in any other farm tractor... at any price!

Let us show you on your farm how to reduce your production costs... with the New WD-45 Tractor!

they like 'em

ROUND

Watch your cattle eat round baled hay, packaged exclusively by ROTO-BALER. You can tell immediately how well they like the better quality, cured in round bales.

Examine one closely and see why. The hay is fluffier with more nutrition-packed leaves rolled inside. Livestock eat it readily, right from the bale, saving labor.

And it costs less to bale, too. It's wrapped with inexpensive binder twine—field travel is reduced by picking up big double windrows. Get ready now. Hay time will soon be here.

ROTO-BALER is an Allis-Chalmers trademark.
