**Most rooms need at least 5 lamps**

Everybody needs his personal spot. The room, itself, needs a distribution of focal points of sparkling beauty. And furnishings need light to enhance their quality. So visualize your room as a whole... select often lamps and select them so that they harmonize, for good taste and good lighting. Look for the Beauty-Plus tag on the lamp you buy as your assurance of decorator styling... good lighting and approved construction. It will also show you the light bulb recommended for best performance of that lamp.
