ROUND BALES

never break in handling...

wrapped ROLLED bale will not buckle or come apart! Round bales nest compactly - on the wagon, truck and in haymow or stack. The

diagram shows why they stay put.

Drop it . . . twist it . . . throw it - the twine-

They're SELF-LOCKING! And with this ease of handling and storing, you get and keep more quality. Leaves are left intact . . . rolled

in, not shattered and lost.

Only round bales give "thatched-roof" protection. They repel moisture . . . in the field, in outdoor feedlots, or for self-feeding when left on the range.

Let us show you the only machine that makes the round bale - the ROTO-BALER built by Allis-Chalmers.
