## Street - Widening Foes Issue Public Statement

In the February 10 issue of The Frontier considerable space was devoted, without charge, to the acting mayor of O'Neill and the majority members of the city council to amplify their stand on a street-widening issue. The present council has entered into contract with the state highway department to widen certain sections of Douglas street and South Fourth street in order to retain two federal highways - 20 and 281 - on present location through the business disricts. The street-widening plan, costing an estimated 61-thousanddollars (\$30,500 to be paid by the city) has some opposition.

The opponents, organized as the O'Neill Taxpayers' league, have issued the following statement (signers are indicated below):

## **Board Raps** Proposed Road Net

### Revised Plan Would Cost Holt 45½ Miles of State-Aid Hiway

A public hearing will be held in the state capitol at 2 p.m., on LB 187. As introduced, LB 187 says the state highway network shall be no more than 9,500 miles compared to the present 9,749 miles, but the bill does not specify which roads woud be dropped.
