Better Order Nursery Stock Now

By BLANCHE SPANN PEASE, Homemaking Editor

Don't look now, but isn't that March peering around the corner? When March is the order of the day, it can't be too long until spring—at least on the calendar. If you haven't ordered any nursery items, plants, bulbs or such that you want to put out in the spring, make haste . . . make haste! Time's awastin' and you want plenty of time to browse before your back starts to ache with the real work. Armchair gardening is the easiest and most expansive (and sometimes the most expensive of all).

It will be time, any time now, to be ordering garden seeds, too, and what fun it is to plan a garden, on paper. Bob is the gardener at our house and we always sit down and plan just what he wants to raise this year. He knows just how much space he has and decides how he wants to allot it and what he wants to plant and if he's going to order anything new. Of course, there always is something new of one kind or another that he wants.

He has been talking about a windbreak of bush cherries on the south side of the garden so I expect I'll have to be ordering those. It should have been done before this. We have a few of them elsewhere and we think the shrub itself is rather pretty and ornamental and it grew very nicely for us before. We are not particularly enthused about the fruit as we have cherries (tame ones) in the orchard.

Gothenburg 'Constant Reader' Wins Subscription—
 Dear Blanche: It has been quite some time since I have written to your column, although I fully intended to write.

If you have the new type overshoes—similar to rubber gloves—and they are difficult to get into, just sprinkle a little talcum powder inside. They will slip on as "slick as a dollar." If lined overshoes are difficult to get into, slip a piece of waxed paper under the heel of your shoe. They, too, will slip on much easier. The waxed paper can be left in, until you remove the overshoes.

We have had an exceptionally lot of cold weather and some snow this winter.

I should like to include a delicious, yet inexpensive, dish.
TUNA NOODLES
 Cook and drain about a package (8-ounce) of flat noodles. Then add a can of tuna fish and a can of cream of mushroom soup. Season to taste (some like it highly seasoned). If you desire, sprinkle crushed potato chips over the top and bake in a moderate oven for about one hour.

At school we have a pineapple plant which is 4-years-old. Our peanut plants are just coming up. We shall again carry out our usual plan for mother's day, that of giving each mother a pot of tomato plants. The youngsters are ever so proud to take the plants and a card they make home to their mother.

Let's Eat More Beef—
BEEF BIRDS

Two pounds beef round steak, 1/2 cup chopped celery and leaves, one onion (chopped), four tablespoons fat, two cups soft bread

crumbs, salt and pepper to taste, herb seasoning (if desired).
 Have the round steak sliced about 1/2-inch thick. Cut into strips two or three inches wide and about four inches long. Pound the pieces to flatten them and to help make the meat tender. For the stuffing, cook the celery and onion in two tablespoons of fat for a few minutes. Add the bread crumbs and seasonings and mix thoroughly. Put stuffing on each strip of meat, roll, and skewer or tie in place. In the remaining two tablespoons of fat, brown the birds slowly on all sides, then cover and cook until tender in a moderate oven of 350 F. Allow about 1 1/2 hours. Or, finish the cooking on top of the stove. Serve the pan drippings with the meat.

CURED PORK WITH SWEET POTATOES
 One and 1/2 pounds sliced ham or shoulder, three cups raw sliced sweet potatoes, two tablespoons sugar, one cup hot water, one teaspoon of one kind or another that he wants.

Cut the ham or shoulder into pieces for serving. If the meat is very salty, parboil it in water and drain. Brown the meat lightly on both sides and arrange the pieces to cover the bottom of a baking dish. Spread the sliced sweet potatoes over the meat, sprinkle with sugar. Add the hot water to the drippings in the frying pan and pour over the sweet potatoes and meat. Cover the dish and bake slowly until the meat and sweet potatoes are tender, basting the sweet potatoes occasionally with the gravy. Toward the last, remove the lid and let the top brown well.

"Our telephone service is the cheapest service we buy"

I look at it this way: Our telephone makes life a lot happier for me and my family. There are times when it's been a real lifesaver, too—like the day Jimmy fell down the basement stairs. I can call anyone in town, and call as often as I want—24 hours a day, every day of the year.

All I do is reach out and lift the receiver—and equipment worth thousands, maybe millions of dollars is ready to go to work for me. I don't have to buy any equipment myself, nor do I pay extra for repairs.

Sure, we pay a little more for our telephone than we used to—though the price has gone up a lot less than most other things. But Bob, my husband, figured out that even today our telephone actually costs us less than one cent an hour. Imagine—for all that service!

That's why we think our telephone service is the cheapest service we buy.
