

Feted at Banquet

SPENCER—The Spencer high pep club, sponsored by Mrs. Hester Roberts, entertained the Pirate athletes Tuesday, March 15, at the annual banquet. The hall was decorated in accordance with the theme, "Champions on Parade." As guests entered, they were greeted by large statues of football and basketball players holding trophies. The tables were in the shape of a "V" for victory, and the season's trophies were placed on a centerpiece.

The tables were decorated with miniature Pep club girls, purple and gold candles, and silver stars with the lettermen's pictures.

Room decorations featured purple and gold streamers, drawings of a football field and a basketball court, and a large balloon bag with football and basketball balloons.

The toastmaster was Darlene Lock, others on the program were Keith Mulford, Boys octette, Ray Johnson, Philip Fisher, Mary Ann Fisene, Dr. Faith, Dennis Edwards, Coach Phillips, Shirley Cizek, Judy Sieler, Norman Anderson and Dr. Day.

The mothers prepared and served the steak dinner.

Sprinkler Irrigation Is Topic of Meeting

ATKINSON—An irrigation information meeting is set for tonight (Thursday) at 8 o'clock in the voc-ag classroom at Atkinson.

Speakers will be Jack Steele, extension engineer for Nebraska university, and Hal Clark, engineer for an irrigation company. Mr. Steele will devote most of his time to discussing costs of pumping irrigation water with various fuels. Mr. Clark will discuss irrigation engineering problems.

This meeting was called because of the possibilities of sprinkler irrigation on many Holt county farms. There will also be films on sprinkler irrigation. The meeting is open to the public and any interested person is welcome and urged to attend.

Mr. Steele has been in Holt county on several occasions helping men with planning and operating their irrigating systems. He is recognized as an outstanding authority on irrigation planning and management.

ANNOUNCEMENT

To the Citizens of O'Neill and Trade Territory:

For several years a parking problem has been developing in the Business District of O'Neill. There has been much discussion in a search for a proper solution. Complaints have been received from Farmers and Tradespeople alike. Most persons agree that there is no basic lack of parking space, but that it has not been properly regulated to provide the most convenience for the greatest number of people.

The use of Parking Meters has been suggested. However, there are still considerable objections against them. More recently the Chamber of Commerce has requested the City Council to consider the use of two-hour parking limitations within the Business District. This is considered one method of control which might be the least disagreeable.

The City Council has agreed to cooperate, and is instituting, effective immediately, two-hour parking regulations for the main down-town business streets on a trial basis for 30 days. Please bear in mind that this is merely an experiment for 30 days. We are asking for your voluntary cooperation to make this experiment work. We are seeking a solution which will provide adequate parking for the Farmers and Townspeople alike.

Hours of regulation will be from 8:00 A.M., to 6:00 P.M., all days excepting Sundays. We will be glad to have your observations and comments.

City of O'Neill
