Services will be held each Sunday morning at 8 o'clock throughout the summer, with the local ministers alternating the responsibility for the services. The primary purpose of the service is to make it possible for tourists to attend worship before resuming their travel.

He stated that the three major forces in the world today are communism, secularism and Christianity. He pointed out the fact that communism gains its strength among peoples who have little and are down-trodden, and therefore it is not the major threat to America. He stressed the danger of secularism in America as our greatest threat and declared that Christianity must displace these other major forces.

The Ministerial association is sponsoring a drive-in church service through the summer, primarily for tourists. Our church is cooperating in the services and if you must be absent from the regular services, we urge you to take advantage of the drive-in services.
