## NATURAL GAS Brings Better Living To O'Neill

### Natural Gas Servants For Modern Living

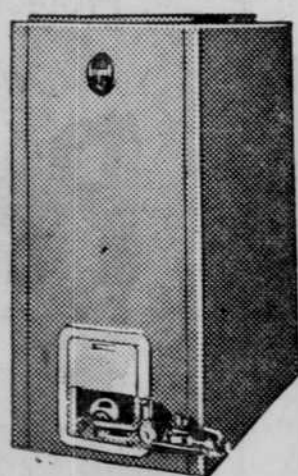

Nothing cooks like flame! Nothing cooks faster, cleaner, cooler, more efficiently than a modern automatic Natural Gas range.

The Servel Natural Gas refrigerator stays silent, lasts longer, because it has no moving parts to wear out or grow noisy. It's guaranteed for ten full years.

You'll have instant hot water . . . automatically . . . 24 hours a day when you install an automatic Natural Gas water heater. And like all Natural Gas appliances, it operates for just a few pennies a day.

Say goodbye to furnace tending . . . enjoy clean, automatic Natural Gas heat this very next winter. Whether you choose a year-around air-condition, a conversion burner for your present furnace or a single room space heater, you'll be happier with Natural Gas heat.

Let it rain . . . let it snow. You'll dry clothes perfectly indoors . . . without any heavy baskets to carry or any stretch-and-bend hanging . . . when you own an automatic Natural Gas drier.

Clean, low-cost, dependable Natural Gas . . . the fuel that comes to you protected from wind and storm . . . the fuel that makes better living a budget buy . . . is now in O'Neill! And O'Neill is among the first of 14 communities in this area to be connected to Kansas-Nebraska's new pipe lines. More than \$1,700,000.00 is being invested by Kansas-Nebraska to bring Natural Gas to this part of Nebraska. It's been a big job . . . a worthwhile job. And YOU and your family are invited to CELEBRATE the inauguration of Natural Gas service in O'Neill.

### BE SURE TO ATTEND THE FLARE LIGHTING CEREMONY!

TIME: 8:00 P.M., THURSDAY, AUGUST 13TH.  
PLACE: IN FRONT OF THE HOLT COUNTY COURTHOUSE. Be there, and you'll witness the impressive Flare Lighting Ceremony which traditionally marks the start of Natural Gas service to a community.

You'll see Mayor J. E. Davis ignite the flame which is symbolic of "the flame that will brighten your future." You'll hear greetings from executives of the Kansas-Nebraska Natural Gas Company. You'll watch — perhaps even win — in the drawings for the fine prizes listed in the column at right.

And years from now . . . when O'Neill citizens will almost have forgotten there ever was a time when the convenience of Natural Gas was not right at hand . . . you'll proudly recall that you were present the night they lighted the flare.

### AMPLE GAS FOR EVERY NEED

Gas to serve O'Neill is brought from the Hugoton field in southern Kansas and northern Oklahoma, the largest gas field in the world. Gas is also drawn from fields in western Nebraska and eastern Colorado.

At present Kansas-Nebraska gathers gas from 230 wells in these three fields. An additional 40 wells are also available and awaiting connection to the company's gathering facilities.

It is estimated that Kansas-Nebraska has a reserve supply of gas equal to 30 times the annual consumption of its present customers in 170 towns it already serves.

### HOW TO OBTAIN NATURAL GAS SERVICE

The convenience of dependable Natural Gas service is now as close as your street main. But before Natural Gas can bring you better living, it is necessary to have a service line installed from the street main into your home.

To arrange for a service line, just drop into our O'Neill office. Or contact your O'Neill Kansas-Nebraska manager. He is C. W. Baker . . . phone O'Neill 181. The sooner you make your application, the sooner you can enjoy clean, efficient Natural Gas service in your home.

### OPEN HOUSE at Kansas-Nebraska Office THURSDAY, AUGUST 13

TIME: 9:00 A.M., to 5:00 P.M. PLACE: KANSAS-NEBRASKA GAS COMPANY OFFICE, CORNER OF FOURTH AND EVERETT STREETS. Come in . . . bring the family and neighbors. Get acquainted with O'Neill's newest business. You'll enjoy the displays of all the beautiful new Natural Gas appliances.

Coffee and doughnuts will be served all day long. And you'll want to be sure to register for the prize drawings that will be part of the Flare Lighting Ceremony Thursday night.
