Weekly MARKET REPORT

Atkinson Livestock Market ATKINSON, NEBR.

Tuesday, August 11th Auction; Cattle receipts 350 head. Although rain was responsible for holding down receipts it did tend to stimulate buyer demand with the market showing improvement over a week ago. Cows generally sold a full dollar higher at 8.50 to 10.50 for cutters and on up to 12.50 for fat cows with some on the heiferette order realizing 13.50. Quality of stockers and feeders was not as westrause as a week ago. with no tuil carloads on ofter, Comparing quality, prices looked a half dollar better. Best yearings here sold at 17.35 with cnoice load lots quotable up to 19.00 and above. no choice heifers were offer-

kinds bringing from 13.90 to 15.00 a hundred. Recent rains in the cornbelt virtually assuring a large crop, plus ample grass and forage, is weekly bringing out more buyers and although we can see no reason for much price improvement in replacement carrie unless the fat catlle advance substantially, we do think the worst is over-and that there will be sufficient buying power to absorb increased offerings from now

ed with medium to just good

Auction every Tuesday until mid-Sept. Then every Monday and Tuesday.
