It Happened In NEBRASKA---

All Nebraska was a "highway" to courageous Mormon wagon trains pushing west 100 years ago... when a hard, sunrise-to-sunset journey brought them only a few miles nearer their goal. Altogether the Mormon trek from Nauvoo, Illinois, to the Great Salt Lake took many, many months. Today a six-hour trip by plane!

Another form of pioneering has been carried on by the brewing industry. Through its educational program, tavern operators have learned the value of keeping Nebraska taverns clean, model places of business.

WENTWORTHS' Registered Herefords

SELLING AT THE SALE PAVILION

Bassett, Nebr., Sat., NOV. 7
40 Bulls -- 28 Heifers

FROM THESE GREAT HERD SIRES

MW LARRY'S STAR

Allan Feeney of Milky Way Hereford Ranch says of this bull: "He has a heavy hind quarter, good depth of body and an exceptional good head. He has unusually good quality, soft silky hair. He carries 50% of the blood of Larry Domino 50th, the highest ranking register of merit sire of all time, being sired by a son, the many times grand champion 89th, and from a very good daughter of the 50th.

KTO BLOCK 2nd

The bull, produced in the herd, is our best son of Domino Lad KTO 15th and is out of our best breeding daughter of Carey's Domino 20th. He is light in color, good headed and sires good offspring.

We are offering a strictly choice selection of coming two-year-old bulls and heifers. None have been reserved for future sales. These cattle are mostly light colored and mellow—the kind that go on and do well for the buyer. Look them over sale day at Bassett.

KH ROYAL 21st

His sire was the Kirsch grand-champion of the South Dakota State Fair, and his sale at \$15,000 caused considerable stir in Hereford circles. This is a smooth, yellow colored, curly haired bull with an exceptionally good flank and tail head. He is one of the easiest feeding bulls we ever owned.

DOMINO MISCHIEF 183d

Donald Sampson says of this bull: "He is yellow, good headed, with a tremendous body on very short legs." He might have added with equal truth that he has great depth and width of quarter, as well, and is very good in the flank and tail setting.

These animals are from our choice cow herd which represents many years of careful selection from a large production from the best foundation females and herd sires that money could buy. You can improve the quality of your herd by making selections from this offering.

ARTHRITIS?

Washingtonian

Is Honored—
CELIA—Mr. and Mrs. Joe Hendricks and family visited her aunt, Mrs. Lizzie Clute of Spokane, Wash., at the home of Mrs. Clute's sister, Mrs. Hod Story of Butte, Wednesday evening, October 21, when open house was held at the Story home for Mrs. Clute, who came from Chamberlain, S.D., on Tuesday, October 20, and returned to South Dakota Friday and was to leave for her home in Washington over the weekend.

Mrs. Clute said her nephew, Donald Staples, who is well known at Celia and who fell into a vat of hot aluminum over a year ago, was so severely burned that a lot of the flesh from his legs was so burned that it fell off. Mr. Staples recently was able to return home. One leg is in fair condition but bone is still exposed in the shin of the right leg.

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.
