Paint Roller Does Better Job

By BLANCHE SPANN PEASE

For lack of space, I didn't finish talking to you about sheets last week. Be sure you get sheets that are long enough for the tall persons in your family, if there are tall ones.

There are now some towels on the market with reinforcements in the form of extra threads at the points where wear is greatest in the towels.

There are now beautiful dark colored towels. Their drawback is that they should be washed and rinsed alone in separate waters because the lint from other towels will settle on them and spoil their beauty.

If you have an automatic washer where the water is changed with every load, you can probably keep them lovely. Of if you keep them for infrequent use. It is for you to decide if you will handle them so that they will keep their beauty.

When you buy towels, if you buy them made by a manufacturer whose brand name has an established reputation, you get about what you pay for. The cheaper towels aren't made as well and they won't wear as long as the better ones.

Towels now come in a rainbow of shades as well as in white and in all sizes. Buy them to suit your needs. If you wash twice a week you won't need to stock up on as many as if you do the laundry each week, or every two weeks.

The big men in your family will need big bath towels, while you may need a middle sized one. Hand towels are usually satisfactory for all the family for that use, but they, too, come in slightly different sizes.

Examine the towels before buying them to see how well made they are. Do they have a satisfactory hem in them, one that won't whip out after a few washings? Is the selvage well made and strong so that it won't fray after some wear? Can you

see through the towel, or is it thick enough to give you some years of satisfactory wear?

There are now some towels on the market with reinforcements in the form of extra threads at the points where wear is greatest in the towels.

Mr. and Mrs. Larry Schaffer and son, Dewey, are staying at the Dewey Schaffer home in O'Neill while Mr. and Mrs. Schaffer are in Denver, Colo., attending the national stock show.

Miss Helen Martens was a last Thursday supper guest of Mrs. Georgiana McGinnis.

Miss Helen Martens spent last Thursday night visiting Mr. and Mrs. Wayne Fox and family.

Bethany Aid Gives \$15 to Pooie

The Bethany Ladies Aid met at the home of Bessie Gribble on Wednesday, January 6, with 31 women and 11 children present.

The meeting was conducted by the new president, Ramona Hoffman.

Lucille LaRue gave the lesson and Gertrude Vaulkenburg the devotionals. It was voted to give \$15 to the polio fund and Lucille LaRue told of plans to hold a polio benefit supper at the church assembly on January 22.

A lunch of ice cream and cookies was served by the hostesses.

The next meeting will be held at the home of Mable Gibson on January 20. — By Marie Farrier, news reporter.

Ford presents two new deep-block engines

Ford's new 130-h.p. Y-block V-8 New deep-block design means greater rigidity for smoother, quieter performance... longer engine life. Other features which make this engine a long-lived, smooth, savingful performer are: new low-friction design, Free-Turning Overhead Valves, new 5-bearing crankshaft, and new high-turbulence combustion chambers. Ford's new 115-h.p. I-block SIX Like the new Y-block V-8, this engine has Ford's deep-block design for greater rigidity, longer engine life. Also, like the V-8, you get modern manifolding, low-friction design, high-turbulence combustion chambers, and Automatic Power Pilot. Both new engines give you amazing response at all driving speeds. You are cordially invited to come in and Test Drive the '54 Ford
