**BY THE POUND!**  
**Yes, We Have Them!**

266 Pounds of Them, from Cannon Mills!

There are lots of colors, and there are big towels, little towels, and medium sized towels. They are seconds, mis-weaves, odd sizes, towel ends, anything they can't sell for firsts, and it seems to us the only fair way to sell them is by the pound. A dozen small towels will be cheaper than a dozen large ones. And if there are any holes, we won't sell the holes, we'll just throw them in! Use them for anything, potholders, washcloths, bathing suits, baby bibs, robes, etc. Let the kids take them to school or to the pool this summer — they will lose just as easily as a good towel!

Come in and see them, it won't cost a penny to look at them, and if you get the urge to buy some, they will cost you only
