IS YOUR FARM BEING UNDERMINED?

Steadily hacking away, this destructive pair—wind and water erosion—are mining your valuable soil. Annually they haul away tons of topsoil, worth billions of dollars.

You can curb erosion by using soil-saving practices, recommended by our local conservation authorities. You'll find conservation farming paves the way for bigger profits, easier farming, and better soil productivity.

Come in next time you're in town, and let us show you how your regular John Deere equipment will fill the needs of your conservation program.

Soil Conservation Disk Harrow

ANGLES AND STRAIGHTENS ON-THE-GO

Here is the answer to your need for level headlands, for easier turning and for a disk harrow which will cross sod strips or waterways without damage to the grass or loss of pre-mature working time. And remember, this Case Power-Control disk harrow is a pull-type, self-contained unit. Just hitch it to your tractor drawbar, and you're ready for work. See it now.

Choose a **JOHN DEERE - VAN BRUNT DRILL**

Accurate, uniform planting... ease of operation... and long life... built-in advantages of the John Deere-Van Brunt—advantages that assure you of more uniform stands and bigger yields season after season.

Let us show you how the many outstanding features of the John Deere-Van Brunt can speed planting and boost profits.

Tractor-Drawn Wood-and-Steel-Box Spreader

Heavy mechanical loading... high-speed operation over rough fields... manure and phosphate acids—these spreader killers don't stand a chance against the rugged new Model "L" tractor-drawn spreader. The jar- and jolt-resisting heavy steel frame and armored-plate box-guards absorb the toughest punishment. Specially-treated wood box won't rust—lasts longer.

New, wider-range, five-speed, ball-bearing feed conveyor drive... new, stronger, longer-wearing steel roller chain drives, and bigger capacity box are other top-value features of this new two-wheeled tractor-drawn spreader.

Come in and see this better spreader the next time you're in town.
