with a **Land Bank Loan**

YOU'LL REST EASIER with a low-payment, long-term loan. That's why, each week, hundreds of farmers and ranchers combine their obligations in a long-term Land Bank loan on land—a loan that can be paid in advance without penalty. You can also use a Land Bank loan to buy land, livestock and equipment; to make improvements, and for other purposes. Come in and talk it over with us today.

**NOTICE TO TAXPAYERS**

January 1st is assessing date. All precinct assessors will start assessing personal property January 3rd. All personal property must be reported as of January 1.

The deadline for reporting personal property will be March 1st. All late schedules and omitted property will be subject to penalty as the law provides for.

Anyone who has a mobile home on their land or lot, must report this to the assessor. Anyone who owns a mobile home must apply for a permit or license. If you do not receive a tax statement for your mobile home come to the assessors office at the Courthouse and give us the information, so we can write a tax statement for you. Anyone living in a mobile home must be assessed for head tax.

Some people have the opinion that there is no tax on intangible class of property, due to a recent Supreme Court decision, that the 1939 penalty law was unconstitutional. This is not the case. Intangible property must be reported, and the old penalty law is in force. No doubt the 1961 Legislature will provide for a new penalty law on intangible property.

Please help us in the assessors office by getting your assessing done as early as possible. Personal schedules can be obtained from any of the precinct assessors or at the Courthouse. Business schedules will be mailed out.

Anyone that cannot be here to get their assessing done during the required time can have a schedule mailed to them, by giving us your address.

The following are the assessors for 1961.
