## In Ogallala A THRIVING INDUSTRY

Founded more than 40 years ago by the late R. A. Goodall, the Good-All Electric Manufacturing Company of Ogallala has grown from a 2,000-square-foot operation at the rear of Mr. Goodall's jewelry store into one of Nebraska's larger industries.

The company is now a subsidiary of Thompson Ramo Wooldridge, Inc., with Q. T. Wiles, a native Nebraskan, as president. It operates two plants in Ogallala, employs approximately 800 people, and had 1960 sales in excess of six million dollars.

Relations between the company and the community have always been over a "two-way street". Members of the firm have given generously of their time and energy to community activities. In return, the community has demonstrated such loyalty and support that the company has refused numerous attractive offers to re-locate.

This is another in a series of salutes to local and regional achievements which demonstrate the power of people working together.
