

Meter Installed, Presto, Electricity!

CELIA—The long anticipated day finally arrived. The afternoon of Monday, February 27, workmen installed a meter on the yard pole in the O. A. Hamberger yard, and, presto, there was electricity!

The REA line touches a corner of the territory commonly called Celia. Only ones from Celia who benefit from it at this time are the O. A. Hambergers, George Becks, and Alex Forsythes. It goes west and north from Forsythe's corner about 20 miles.
