Unusually Strong Hog Market Forecast

· The market on hogs at the Missouri river packing cities were steady-to-higher Tuesday. This should make the O'Neill hog market very good. Already there is every indication of a good run of hogs. So, farmers, if you want those high prices on hogs be sure to consign them to O'Neill today (Thursday), April 6.

A good cattle run likewise is expected. Several consignments of mixed yearlings were in the yards Wednesday. In addition there are several nice packages of cows and calves with some good cornfed steers.
