Library Plans

Move Forward-CHAMBERS — The American Legion auxiliary, of Chambers, has appointed a committee to work on the library which members propose to open to the public as soon as possible in the Legion hall.

Members of the American Legion will assist in getting shelves installed and doors added to keep the books in good condition.

The auxiliary has on hand the books which were formerly in the library. They hope to add many new books by purchase and donations. Some other organizations

in the purchase of books and

some friends have offered to

present the auxiliary books

from their collections.
