## Wanted: Some Sleep Lost on Jamboree

(Continued from page 1.)

the Lincoln memorial, the Washington monument and the Smithsonian institute.

In the nation's capitol Malloy and members of the Nebraska Scouting contingent were greeted by Doctor Miller.

The Washington, D. C., tour wound up with a bus excursion to Mt. Vernon, the home of George Washington, a brief stop at Arlington national cemetery to visit the grave of the unknown soldier and through the national capital's zoo.

The second National Boy Scout jamboree broke up July 8 and the Scouts headed for home. The Nebraska Scouts stopped in Chicago to see the Cincinnati Reds and the Chicago Cubs battle in a double header big league baseball game.

Malloy said when he arrived in Omaha Monday, July 10, he was somewhat tired and somewhat weary. But, Malloy, continued, "It was the grandest trip I ever took, and he would advise all boys to take up Scouting."

Asked if he would like to go on another national jamboree trip, Malloy fired back, "Yes, but not right away. I want to catch up on some long lost sleep."

Young Davis was among the youngest of the Scouts on the trip. He is 11-years-old. Dick was particularly impressed with Niagara Falls, and described the powerful lights at night at the Falls "the most beautiful sight I've ever seen."

He was also impressed with New York City and conceded it was a bigger town than he imagined.

Dick said he managed to make friends with fellows from all over the world and the camp-out at Valley Forge was a special thrill.

His parents met him in Omaha Monday.

**Staff Picnics** — The Frontier staff and their families held a picnic Monday evening at the Country club. The affair honored Mr. and Mrs. C. W. Apgar and Mr. and Mrs. A. D. Johnson, who are moving to Fremont.

## SUNSHINE LACK FRETS FARMERS

Holt county is wet. But most folks are hoping the sun will shine.

Lowlands are inundated with water and some of the streams have been running bank full as a result of heavy July rains.

To some farmers it appears to be one of the wettest Julys in many years. While the moisture is usually welcomed in these parts, the time element has created some discouragement.

Many farmers and ranchers are anxious to get into the hay fields but the continuous wetness has delayed the start. Corn has not been doing well during

the past 10 days because of lack of sunshine and the unusually cool weather. Most small grain, while it has enough moisture to clinch a good crop, needs sunshine—and lots of it—to fill out and ripen on schedule.

**Heaviest rainfall of the week recorded at O'Neill was .88 of an inch on Saturday afternoon between 5 and 6 o'clock.**

Heavier rainfall was reported that day at Atkinson. At Amelia 2½ inches of precipitation was received during the storm in the town, but S. C. Barnett reported a 5-inch rainfall at his place in the country.

At the same time the Beaver Crossing and York vicinities were deluged with a 13 - inch rain, which created widespread flood conditions and took a toll of 5 lives.

A total of 2 inches of precipitation was received in the Dehlo community — enough to postpone haying for many of the farmers.

On July 4 Celia reported a cool 56-degree temperature and received .75 of an inch of rain.

Wednesday morning's O'Neill temperature at 8 o'clock was 49 degrees—a new low for the season. Adding to the discomfort was a 15- to 18-mile-per-hour northwest wind.

Week's weather summary, based on 24-hour periods ending at 8 a.m. daily, follows:

Date	Hi	Low	Prec
July 5	74	56	
July 6	80	53	.62
July 7	84	58	
July 8	82	69	.88
July 9	76	70	
July 10	72	64	.2
July 11	78	70	.26
