BASIN GROUP IN ANNUAL MEETING

Niobrara Report Will Be Ready for Congress In June, 1951

The Niobrara River Basin Development association held its 4th annual meeting at Gordon, Tuesday, July 18.
 The business session, President E. A. House of Ainsworth presiding was called to order at 1:30 p. m. (MST), highlights of which were a basin report by C. E. Burdick, area engineer of the bureau of reclamation, tour of Mirage Flats area through the courtesy of the Gordon Chamber of Commerce and election of officers.
 The evening program was started at 6:45 p. m. with a banquet and entertainment. Principal speaker of the evening was Harry Polk, of Washington, D. C., president of the National Reclamation association. Both meetings were held in the city auditorium.
 This association has been very active, since its conception in 1946, in maintaining interest and promotion of the development of the Niobrara river basin.
 The bureau of reclamation program of investigations for the basin is continuing on a schedule which calls for the completion of the basin report by June 30, 1951. Much of the field work has been completed and plans for the various units that lead to the overall basin

plans for development are being prepared. The preliminary land classification has been completed which indicates about 153-thousand acres of irrigable land in the basin. Over 50-thousand irrigable acres are in the O'Neill vicinity.
 A preliminary draft of the project lands portion of the basin report has been completed, reviewed and approved by the regional office of the bureau of reclamation at Denver, Colo. Water supply studies are well along. Designs and estimates for several dams and other features are now being prepared.
 Secretary James W. Rooney, Lyle P. Dierks and C. R. ("Bob") Hill were O'Neill Chamber of Commerce delegates. Also attending was Walter Ries, of Atkinson.
