State Capitol News —

Somebody'll Be Hurt Financially If U. of N. Budget Breaks Out into Scrap

campus up 15th street to the capithe university's request for the mood and the senators know it 1951-'53 biennium.

Instead of the 8-million-dollars in state tax funds granted by the 1949 legislature, Mr. Selleck this Student Income time asked for 14-million-dollars, a 75 percent increase. In all, the university expects to spend the next two years almost 26-million-Gustavson says: dollars, but 71/2-million-dollars of this comes from revenue-produc- the next two years will shrink at ing and self-supporting activities, least \$1 million below the present called by the university "auxili- level. ary enterprises.'

That left something over 18-million-dollars of which the school can supply more than 4million-dollars in student fees, federal money and endowments. So the tax fund divvy the Cornhusker institution is asking is a little over 14-million-

The university feels that it took a beating from the 1949 legislature. It asked for 11-million-dollars in tax funds and got 8-million. And what's worse, the N. U. administration feels, was the fact that Tax Commissioner Phil Johnson wouldn't agree on how much student fee income would drop.

This is the university's story: The 1949 legislature appropriated \$6,600,000 from tax funds. With this, the institution gave everybody a 10 percent cost of living raise, the last general pay hike.

The 1949 legislature approved 8-million-dollars, an increase of \$1,400,000. But the university says the joker in that is that student fees have been \$1,200,000 less than Johnson figured, so their net gain has been about \$200,000, which didn't go very far. As a matter of fact, according to Chancellor R. G. Gustavson, in trying to maintain its current program, the school has spent this biennium the university's request, you've got to admit it's interesting. And mendi funds to balance the budget.

Now the university is trying to get back what it feels it lost two years ago, and some more besides. It's a kind of double-or- Supplant Politics-

Capitol observers gasped when they saw the figures. Up until the university's budget came in, the 50 percent hike (from \$100,000 to \$150,000) asked by the resources division had held the distinction of being the biggest increase asked.

There were strong indications that Governor Peterson didn't like the university's figures when he first saw them two weeks ago, but he was right up against the finish of a tough political cam-paign and said nothing for the

The governor must take the university's request and whip it into shape for presentation to the leg-islature. That chore is largely the work of Johnson and Budget Director Loren Laughlin.

University supporters weren't very happy with the way the governor treated the school's last request. He simply took the 1947 appropriation and applied to it the same increase formula he used for other state institutions, resulting in a cut for the university from what it had sought. Thes. supporters object to the university's being treated financially like a board of control institution.

Everybody's hoping that the university and the governor can sent to the legislature. If they for an additional field man. don't, and the thing breaks out the budget committee, somebody-ll be hurt financially, and it will probably be the university.

Which brings up the question of how the legislature is going to react to a budget request of that size. There's little question all agencies are going to want more money, but few of them will be as bold as the U. of N.

The fact that the voters last week turned down the additional aries now range from \$4,200 to

LINCOLN-This is a \$14 mil- members of the 1951 session. Nor will they overlook the very ap-John K. Selleck, business mana- parent fact that the electorate ger of the University of Nebraska, would have nothing to do with a last week marched from the proposal which, among other things, would have allowed the tol. There he plunked down on legislature to fix their own salarthe desk of Governor Peterson ies. The voters were in a saving It very likely will be reflected in budget matters.

1. Student fee income during

2. Pay increases as a reward for good work and to meet competition from institutions in other states—postponed because of lack of funds during the current biennium-and raises to meet the cost of living will total \$1,629,055 for salaried employees and \$105,590 for skilled and unskilled labor.

3. Increased costs of supplies, utilities and equipment will cost

4. During the current biennium a number of services and programs were suspended for lack of funds. These included closing a ward at the University hospital in Omaha. The cost of reinstating these progarms is estimated at

5. The university has received many requests from Nebraska citiens for additional teaching, re-search and public service programs. These have been carefully visions. screened and projects selected which will be of greatest benefit to Nebraska's economy. They will

cost \$2,181,706. "All of these projects, along with the reserve money we spent total \$6,088, 829 instate tax funds, Gustavson said, "which is the differencee in what was appropriated last session and what we estimate it will now cost to operate

the university. Whatever else you think of what happens to the request at "The university feels this is not a sound fiscal policy," the chan- Governor Peterson and the budthe hands of Johnson, Laughlin, get committee of the legislature will be no less worth watching.

Football and Pheasants

The Nebraska statehouse was determining their own tax burrecovering from the election this dens . . .' week, which made it a dull week from a news standpoint. Corn-husker football and ducks and Giving ea nusker football and ducks and pheasants replaced politics as choosing a three, five or sevenconversation topics in the crowd- member board of commissioners. ed capitol cafe.

But government went on, any- of electing its board members way. The various state agencies either from single districts or from have begun the parade to the governor's hearing room for pub-lic hearings on their budget requests. Tax Commissioner Philip K. Johnson and Budget Director Loren Laughlin conduct the hearings which have been a lot more private than public up till now.

Everybody's asking for more money, both with which to pay employees and to operate their agencies, Biggest boost asked so far (except for university) is from the Division of Nebraska Resources, which wants a 50 percent hike.

The division, created to attract industry to Nebraska, has an appropriation for the current biennium of \$100,000, plus an unexpended balance of \$1,-433. Requested for the 1951-'53 period is \$150,530.

The division said it plans to spent more than \$90,000 of its \$100,000 for advertising, largely in national magazines. The bigger get together on a figure to pre- amount also includes provision

Still on the subject of budgets, into a full-fledged scrap before the state liquor commission submitted a request of \$387,000, compared to a current appropriation of \$321,000. Chairman Marcus Poteet said the addition of six inspectors to the staff, along with general salary increases, account-el for most of the raise.

Attorney - General C. S. Beck, in the request for the state justice department, is asking the legislature to approve \$6,000-a-year salaries for five assistants. Their salgasoline tax and the vehicle license fee increase adopted by the 1949 legislature won't escape the uty, Walter E. Nolte, at \$4,800.

Apples Are in Season So Try These Two Swell Recipes

APPLES are in large supply now and it's time to invite them into our meals. So let's get started and pick a few choice recipes. Party Baked Apples With Sour Cream (4 servings)

One-half cup dark corn syrup, 1/2 cup water, 1/4 teaspoon cinnamon, I teaspoon grated orange rind, I tablespoon butter or fortified margarine, 2 tablespoons sugar, 4 tart red apples, unpared, 1 cup sour cream.

Combine syrup, water, cinnamon, lemon rind, butter or margarine and sugar. Bring to boiling point over low heat, stirring until sugar is dissolved. Wash and core apples and pare the top third of each apple. Place apples in shallow baking dish. Pour hot syrup mixture over apples. Bake in moderate oven (350 degrees F.) for 30 to 40 minutes or until apples are tender, basting frequently with the syrup mixture. Serve hot or cold topped with

> - Apple Fritters (10 to 12 fritters)

One cup sifted flour, 2 teaspoons baking powder, 11/4 teaspoons salt, 1/4 cup sugar, 1 egg, well beaten, 1/2 cup milk, 2 teaspoons melted shortening, 1 cup coarsely chopped, pared apples (1 to 2 apples), melted fat or salad oil.

Sift together flour, baking powder, salt and sugar into mixing bowl. Combine egg, milk and shortening. Add to fry ingredients and mix well until batter is smooth. Fold in chopped apples.

To deep-fry, have deep kettle ½ to ¾ full of melted fat or oil. To shallow-fry, have 1½ to 2 inches melted fat or oil in frying pan. Heat fat to 375 degrees F., or until inch cube of bread will brown in

Drop apple batter by tablespoons into hot fat. Deep-fry or shallow-fry 4 to 6 minutes or until well-browned. Turn fritters frequently to brown evenly. Drain on absorbent paper on a rack.
