Decorating With Christmas Cards

THE habit of taking a hasty glance at Christmas cards to note the sender and then tossing them aside is not a very satisfying one for either you or the friends who graciously remember you with greetings.

This year, why not put your cards on display to preserve their warmth of feeling throughout the holidays, and to lend a bright Yuletide appearance to your home.

There are numbers of tricks for using Christmas cards in your decorative scheme. Try draping an arch or doorway in greenery, bedecking it with colorful cards as they arrive.

If your window curtains are a solid color, they'll serve as an attractive background for cards that have been attached to ribbons and hung from the curtain rods. A few sprays of greenery, tied with wide red ribbons, should be placed at the top of the window to give a finished look to your exhibit.

Homemakers are given assistance in finding interesting ways to display their holiday greetings by the manufacturers of the Christmas cards themselves, some of whose offerings this year can double as ornaments.

These include the cardboard variety, which fold flat for mailing, and a plastic kind, which may be removed from the card to add a sprightly sparkle wherever it's needed.

An archway, adorned with greens and holiday cards, contributes to a festive atmosphere and offers a Christmasy welcome to entering guests.

Here Friday! THE '51 FORD STEPS AHEAD FOR THE YEARS AHEAD!

... FOR THE YEARS AHEAD!

WITH 43 NEW "LOOK AHEAD" FEATURES

See it Friday at your Ford Dealer's—the '51 Ford! It's the newest Ford! It's the finest Ford! And it gives you 43 new "Look Ahead" features—engineered and built into the car not just for this year and next, but for the years ahead!

"Test Drive" the '51 Ford! You'll like the quiet "jet-away" performance of either the 100-h.p. Ford V-8 or the 95-h.p. Six... the ease of sure Centramatic Steering... and the extra safety of new, Double-Seal King-Size Brakes. And the '51 Ford offers three advanced transmissions—the Conventional Drive, the Overdrive,* and Fordomatic Drive,* the newest, finest and most flexible of all automatic transmissions.

*Optional at extra cost.

NEW AUTOMATIC RIDE CONTROL

... a new and unique springing system which automatically adjusts spring reaction to road conditions. Advanced "Hydra-Coil" Front Springs and new Variable-Rate Rear Spring Suspension team with new "Viscous Control" Shock Absorbers to give you an easy ride—a level ride. Stroboscopic illustration above indicates how car stays level when going is roughest.

Here are a few of the 43 new "Look Ahead" features in the '51 FORD

New "Safety Glow" Control Panel... The new design places all controls literally at the driver's fingertips. New "Chanalited" Instrument Cluster is easily visible at night without being distracting. New "Glow-Cup" Controls are individually illuminated... a Ford exclusive!

New "Luxury Lounge" Interior... with new long-wearing Fordcraft upholstery fabrics, new harmonizing appointments, smart new colors, new "Colorblend" Carpeting—the '51 Ford's new "Luxury Lounge" Interiors are "decorator designed" for the years ahead. Interior colors and new Fordcraft Fabrics are "Color-Keyed" to outside body colors!

New Automatic Posture Control... moves front seat forward automatically at release of lever, raises it for shorter drivers. Push seat back, it lowers automatically for taller drivers.

Automatic Mileage Maker... saves gas automatically. New Waterproof Ignition System, including snug synthetic rubber spark plug boots, prevents engine being shorted out by moisture.

Come in and see it Friday
