Inman Tigers in Brunswick 'D' Meet

INMAN— The Inman high Ti-gers completed their Elkhorn Valley conference schedule Wednesday, February 7. Cage record follows:

Inman 61, Brunswick 32. Inman 41, Clearwater 43. Inman 41, Clearwater 42 Inman 70, Page 38. Inman 54, Orchard 22. Inman 50, Ewing 38. Inman 46, Chambers 31. Inman 41, Osmond 35.

Inman has been assigned to the class D district tourney to be held at Brunswick. Other teams assigned there include Clearwater, Meadow Grove, Elgin, Brunswick, Center, St. Francis of Randolph, Magnet, Page and Verdel.

The final loop game for the Tigers was against Osmond. The game was played at Plainview due to recent fire damage to the Osmond gym. A big-21-point sec-ond quarter turned the trick for Inman.

Inman seconds made it an allvictorious evening by squeezing out an 18-15 victory.

Mr. and Mrs. Francis Bazelman went to Valentine Sunday.

(Only Buick can make this statement)

through the years.

DEND an ear to the deep baritone song of D this marvel motor, and you'll know we aren't fooling when we call it Fireball.

What happens beneath that brawny Buick bonnet happens in no other car in the world.

Years ahead of the rush to high-compression valve-in-head engines, Buick was in there pitching for more power from every drop of fuel.

The result: a spectacular engineering phenomenon you feel the instant you touch toe to gas treadle. A rapid-fire sequence of tiny tornades,

let loose their pent-up power every five inches a Buick travels. .

If you could look inside that Fireball engine, you'd see why. Instead of the flat-topped pistons used in other cars, Buick uses a turbo-top piston, I'ke this:

So the inrushing fuel whirlwinds into a compressed ball that adds a super-urge to the downstroke of the piston.

And you get the thrill - and thrift - of this Buick "first" in every mile you drive.

More, you get a tried-and-true engine that's

ent, accessories, trim and models are subject to change without notice

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

been polished and perfected in every detail up

Again and again, compression ratios have been stepped up to keep pace with advances in fuels. Self-setting valve lifters contribute to silence. Micropoise balance and Hi-Poised engine mountings add two more Buick exclusives.

And the silken might of this Fireball's power has been made more beautifully obedient by still another "first"-Dynaflow Drive.*

So we list as a prime reason why "smart buy's Buick" this Fireball power plant-and a host of happy owners will say "Amen."

Better see your dealer soon.
