your Pride a Break?

Let's see what it means to own a ROADMASTER. It means, first of all, that you're a shrewd judge of fine manufacture. Nowhere will you find a mechanism more skilfully fitted part to part with scrupulous precision—engineered to stricter standards of fine-car quality—than the deep-framed and durable ROADMASTER chassis.

It means, also, that you possess keen appreciation of everything that makes for unsurpassed performance.

For there's more to this dazzling beauty than its thrilling take-off. There's the surplus of power that you need to make you the master of busy traffic or open road—plus the velvet magic of Dynaflo Drive (at no extra cost, mind you).

There's the level-going luxury of ample roadweight buoyantly balanced on coil springs on every wheel—and the security of brakes specifically engineered for firm control of this great-powered beauty.

But there's still another distinction to being a ROADMASTER owner.

It marks you as one who buys wisely and well. Size for size, pound for pound, feature for feature, few cars can even approach what your dollars will buy in this finest of Buicks.

There's much more to be discovered by a visit to any Buick dealer's showroom.

There's the sumptuous softness of cushions, the custom excellence of fabrics and interior trim, the grace and charm of every line and contour.

So if you've dreamed of sometime owning a car superbly fine, there's no time like the present—and no car like ROADMASTER for making dreams come true.

Equipment, accessories, trim and models are subject to change without notice.
