

TO DISCUSS AG OUTPUT IN MEET

Increasing agricultural production in the O'Neill region will be the subject of a conference to be held at the O'Neill public school ban room on Thursday, June 28, at 8 p.m.

The meeting is being sponsored by commercial and banking interests in the county with the cooperation of the Holt county soil conservation district, the extension department of the University of Nebraska college of agriculture and the Nebraska conservation foundation.

According to Secretary James W. Rooney, the O'Neill Chamber of Commerce has invited businessmen from other towns in the county to bring farmers and ranchers as their guests to explore the possibilities of assuring a continuing profitable agriculture under present and future economic conditions.

Holt county banks have joined with other Nebraska financial institutions and corporations in taking the lead in this statewide movement, which is rapidly gaining momentum.

Outside of the larger centers there is little possibility of increased industrial activity. Nevertheless, the agriculture of the state has almost unlimited opportunity for expansion, and it is the generally accepted viewpoint that now, and indefinitely in the future, increased agricultural production is the key to community prosperity. For this reason modern agricultural practices are the concern of the businessman as well as the land owner and tenant.

The O'Neill meeting is one of several being arranged in northern Nebraska and an interesting discussion is anticipated. An official of the O'Neill Chamber of Commerce will act as chairman.

Glenn Tomlinson, of Spencer, visited his parents, Mr. and Mrs. H. W. Tomlinson, Tuesday afternoon, June 19.

65 Members of Family Reunited

EWING—Sixty-five members of the Strobe family gathered at the Riverside park in Neligh on Tuesday, June 12, for their annual reunion, the 8th to be recorded. Mrs. Andrew Olson, of Ewing, is a member of this family group.

The festivities of the day began with a picnic dinner at noon. This was followed by a business meeting in charge of Bernard Strobe. Letters from absent members were read, other interesting items were added. One feature of special interest being the family history record. Mr. Strobe announced that the book had been completed to date and was in the hands of a printer. It will contain 250 pages, 6 by 9, beginning with the arrival of the Strobe family from Holland 300 years ago and covering 14 generations. Many pictures are included. This book will be completed by late summer, each to receive a copy.

Much time and effort has been spent to obtain all this data for this record. To avoid this in future, plans were discussed and made for each family to begin now with their own family, keeping a complete record, with pictures added when possible, to be used in later years.

Each year a beautiful bouquet of flowers is presented to the oldest. This year the honor went to Mr. and Mrs. Andrew Olson, of Ewing. Others present were: The children and grandchildren of Mr. and Mrs. Olson, Mr. and Mrs. Wallace Strobe, their children and grandchildren, of Venus; Mr. and Mrs. Merwin Strobe, their children and grandchildren, of Orchard; Mr. and Mrs. Floyd Strobe, of Norfolk, and the children and grandchildren of Mrs. Irvie Anson, who passed away at Orchard in the early part of 1951.

Those from a distance were: Mrs. Frank Strobe, of Red Hill City, Calif.; Mr. and Mrs. Donald Hall and family, of Mitchell, S.D.
