IN AUGUST OR IN DECEMBER

HI-V-I FLOWS FREELY!

Give your motor the complete lubrication of HI-V-I, the year-round oil! With the first whir of the starter on the coldest winter day or the warmest spring morning, HI-V-I flows through your car's motor, bathing it in a protective film of rich oil! It cuts fuel costs!

HI-V-I cleans as it lubricates, freeing your motor of power-robbing sludge and carbon deposits, so detrimental to efficient operation. Change now to the lubrication that functions perfectly in any temperature . . . CHAMPLIN HI-V-I. It's the all-weather oil with twin-action!

Congratulations to the '51 Fair!
