

Fair Livestock Winners Named

Over 100 4-H members and open-class showmen entered livestock at the 1951 Holt county fair. This exceeded the number entered last year.

Many of the cattle had to be washed and prepared for showing early Thursday morning. The actual judging began shortly after 9 a.m. and continued on until 5:30 p.m. Judge Laurence Buller, after judging all the livestock, admitted he was getting tired. The results:

BUMPER YIELDS

Begin with ACCURATE DRILLING

Use a JOHN DEERE-VAN BRUNT Grain Drill

Bumper, bin-bulging yields are born at seeding time . . . better stands, more even ripening of grain are the result of accurate drilling at even depths.

Accurate, uniform seeding is yours in a John Deere-Van Brunt Model "B" Grain Drill. Adjustable-gate fluted force-feeds drill all seeds in any desired quantity per acre. Spring pressure on the furrow openers

always remains uniform because it is applied with jackknife effect. What's more, you can drill faster with a Model "B," too, for low-wheel construction provides a shorter seed drop . . . makes possible accurate drilling at speeds up to six miles per hour. See us for complete information about this faster, more accurate grain drill.
