

A Family Affair

The telephone is a family affair, says the Literary Digest. The children, as well as father and mother, use it.

Groceries are ordered, parties planned, engagements made or cancelled and other matters disposed of conveniently over the telephone.

There also is a feeling of security when a telephone is at hand to summon aid quickly in case of sickness, fire, or other emergency.

The value of the telephone to every member of the family is worth much more than it costs.

CHEVROLET MOTOR COMPANY EXPECT RECORD PRODUCTION

Having achieved world leadership in automobile manufacturing in 1927 with a yearly output nearly 2,000 units in excess of its program of a million cars, the Chevrolet Motor Company has embarked in 1928 upon the most ambitious production and sales plans in its entire sixteen years of existence, according to W. S. Knudsen, president and general manager.

Production for the year just ended totaled 1,001,834 units for a gain of more than 36 per cent over the 732,147 cars and trucks built in 1926 and 93 per cent over the 1925 production of 519,060 units.

The 1,000,000th car built in 1927 rolled off the assembly lines at the Flint, Michigan, plant December 30, with C. F. Barth, vice-president in charge of manufacturing at the wheel. The history making model was a sedan. It was prepared for immediate shipment so that, with more than 32,000 other new models built in December, it might be available for prompt delivery to new car purchasers.

Throughout 1927 factories were on peak production schedules, while month after month tentative schedules had to be increased to meet the demand for the 1927 models.

The year as a result was the most spectacular and most successful in Chevrolet history.

Remarkable as were its 1927 achievements, however, the outlook for 1928 looms even brighter, according to Mr. Knudsen, who stated that while no definite production figure has been set for 1928, this year's volume is certain to top by a comfortable margin the record high mark for 1927.

His prediction is based on country-wide prosperity which by every token should bring the automobile industry

the greatest year it has ever known, Mr. Knudsen stated.

"Our own organization is prepared to handle its full share of this anticipated growth in business," he said. "All Chevrolet production operations are on a maximum capacity basis that we may meet the 1928 demand, and make immediate delivery on all models.

"During the latter part of 1927 we made extensive preparations for our 1928 program. Our sales organization has been enlarged and intensified through the creation of the new regional and zone sales offices, and by additions to the field personnel.

"Our service to the owner is on a new high level through the opening of new parts depots and warehouses to expedite delivery of new or replacement parts.

"Production facilities also have been augmented by the recent purchase of a \$4,500,000 foundry at Saginaw, Michigan, and a new assembly plant which will get into production shortly at Atlanta, Ga., to supply the Southwest, and which will increase by 350 cars a day the volume of the other seven assembly plants now in operation in the United States.

"With these improved facilities, and with our bigger and better car for 1928, which at substantial price reductions won such a warm public reception upon its initial showing on January 1, we feel assured of establishing new records this year, and of maintaining the steadfast public confidence in the Chevrolet Motor Company which alone made possible our very gratifying showing in 1927."

RURAL CARRIER EXAMINATION.

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Emmet, Nebraska.

The examination will be held at

O'Neill, Nebraska.

Receipt of applications will close on February 1, 1928.

The date of examination will be stated on admission cards mailed to applicants after the close of receipt of applications, and will be about ten days after that date. The salary of a rural carrier on a standard daily wagon route of 24 miles is \$1,800 per annum, with an additional \$30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. Certain allowances are also made for the maintenance of equipment. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth in Form 1977. Both men and women, if qualified may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Form 1977 and application blanks can be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications must be on file with the Commission at Washington, D. C., prior to the close of business on the date specified above. At the examination, applicants must furnish unmounted photographs of themselves taken within two years.

CELIA ITEMS.

The old year was sure a rough one and left a lot of frostbitten feet, hands, and noses, but the new year seems to be in earnest about warming up things in general and cold feelings in particular.

A bright little girl came to spread sunshine in the Arch McKeithie home Tuesday evening. It was, however, not a visit by the stork, as she came per automobile from the home of dependent children at Lincoln.

A jolly crowd, which included most all the neighbors, gathered at the J. V. Johnson home Friday evening. The happy occasion was an oyster supper, served by Mrs. Johnson, given as a penalty for raising the most turkeys the past season. Music and singing was the main pastime for the evening. The music was furnished by Johnson on the parlor organ and harmonica, Johnson would rather play these instruments that eat.

Albert and Alpha Johnson left for Oakland Saturday in the coupe of Alpha to start her high school work Monday. Albert to attend to the farm rented by him and his brother, Elmer. Stanley Johnson accompanied by Willard Greenwood, started out the same day and headed for the same place, with the Johnson truck, hauling a pair of mules which might be used in farming by the boys. Stanley and Mr. Greenwood returned Monday morning, bringing a load of oats.

Fred Turner shipped a load of hogs Wednesday.

It may interest some of the readers that word was received some few days ago, that Miss Ora Fritchhoff passed away Monday, December 19th, at her home in Omaha. The immediate cause of her death was ulcers of the stomach. She was the oldest daughter of Mr. and Mrs. Pete J. Fritchhoff, early settlers of this community. She leaves two sisters and three brothers to mourn her loss. Miss Fritchhoff was well educated and taught school in several districts in this county, years ago.
