TELEVISION BROADCASTING.

(Hastings Tribune.)

Once again science has startled the world that vision by radio has been tried and pronounced successful.

The test was made by the General Electric company's laboratories at Schenectady, New York. Doctor E. F. Alexanderson, consulting engineer of the Radio Corporation and the General Electric company, gave the demonstration before a group of executives of various companies and a few others invited witnesses.

Three homes were selected to prove the efficiency of the invention, and in every home the result was the same. That is, actors were seen upon the stage going through a regular performance and their voices could be plainly heard. In other words, television broadcasting was pronounced a success in every way.

That is most remarkable, is it not? Two years ago the Tribune predicted, editorially, that it would not be very long before persons would be sitting in their homes and by the simple pressing of a button or the turning of a dial, could see and hear comedy, tragedy, grand opera, or any other entertainment that they desired.

At that time the prognostication was received with a smile. But the dream has come true.

At the same time, the Tribune predicted that within twenty years persons would be flying around in their individual airplanes that, like an umbrella, could be folded up when not in use, and placed in the corner of a business office.

That also reads like a prediction to bring forth a smile.

But there is no telling what the future will bring forth. Nay, not even a day.

We only know about that which lies before us today—and little we know about that.

METHODIST NOTES.

The revival meetings at the Methodist church are progressing in fine shape. Every evening a fine crowd is there to greet the singer, H. T. Taylor and the evangelist, Rev. Guy W. Ballard. The spirit of these meetings are now at a high point. A reconsecration service was held on Sunday morning in which nearly a hundred folks took part, dedicating their lives anew to God and His Church.

There will be only one more week of services, the meetings ending on January 29th with the evening service. The following list of topics are for the remaining days:

- Sunday a. m., "The Seeking Shepherd and the Lost Sheep."
 - Sunday p. m., "Wages of Sin."
 - Monday p. m., "When Reason Fails."
 - Tuesday p. m., "A Convenient Season."
 - Wednesday p. m., "Sowing and Reaping."
 - Thursday p. m., "The New Birth."
 - Friday p. m., "Indifference."
 - Sunday a. m., "Pilate."
 - Sunday p. m., "Judas."
- You are urged to attend these inspiring services.
- Rev. Guy W. Ballard,
Pastor.

C. E. HAVENS FILES FOR STATE REPRESENTATIVE

WILL BE TRIED ON CRIMINAL ATTACK CHARGE

White River, S. D., Jan. 13.—Much interest is being taken in a postponed term of circuit court for Mellette county, which convened in White River this week, as a number of important cases are awaiting trial. One of the actions will be that in which George "Nig" Ryan is the defendant. He is charged with an attempted criminal attack. He was arrested recently and as the result of his preliminary hearing was held for trial in circuit court, bond being fixed at \$1,000. He was unable to furnish a bond and will remain in the county jail here pending his trial.

THE O'NEILL GUN CLUB TO SHOOT FOR OYSTERS

The O'Neill Gun Club have arranged for a club bluerock shoot at their grounds east of O'Neill next Sunday. L. K. Hough and Forest Smith have been chosen captains and have chosen sides. The losers will banquet the winners with oysters as the principal on the bill of fare.

The club members say that they are planning a number of features for the near future and are adding new members to the roster rapidly.

MISS HELEN McCUNE IS BRIDE OF C. J. COFFEY

(Wichita Falls, (Texas) Times) Announcement is made of the marriage of Miss Helen McCune and C. J. Coffey, the wedding taking place Thursday morning, January 12th, at 8:30 o'clock in Dallas with Bishop Joseph P. Lynch reading the ceremony at the bishop's chapel.

They were accompanied by Mr. and Mrs. G. D. Fox of this city and by Mr. and Mrs. William McCune of Muskogee, Okla., who were also present at the wedding breakfast given at the Baker hotel.

Mr. and Mrs. Coffey are leaving Dallas Thursday for a visit with relatives in Los Angeles, California, and will also visit places of interest on the western coast before returning to Wichita Falls. They will be at home after February 15 at 1710 Seventh street.

Mrs. Coffey is well known in this city and has been connected with the Joza Dickson Millinery company for the last twelve years. Mr. Coffey is secretary-treasurer of the Merkle Undertaking company, and secretary and manager of the Banner Oil corporation.

BE A BOOSTER.

Boost your city, boost your friend; Boost the church that you attend; Boost the street where you're a-dwelling; Boost the goods that you are selling; Boost the people round about you; They can get along without you; But success will quicker find them if they know that you're behind them. Boost for every forward movement; Boost for every new improvement; Boost the man for whom you labor; Keep a-boosting for your neighbor; Cease to be a chronic knocker—Cease to be a progress blocker; If you'd make the city better; Boost it to the final letter. —Exchange.

BRICK BATS.

Bill Jones disliked the fleeting years that settled on his frame; that thinned his hair and stripped his years, and made his muscles lame. Each day made Bill an older man, each hour helped push him on; his face for wrinkles he would scan, he felt his youth was gone. He worried on his awful plight with anguish and remorse; at staying age he made a fight, he labored like a horse. But Father Time with his old scythe just kept on sawing hay; the thought made William mean and writhed until one bright spring day—he sat himself upon a stump and muttered to himself, "I am a dejected brainless schump. I should be on the 3-12." From that day on Bill hit the ball, he's having lots of

fun, because he says he heard the call of deeds that must be done. He found that life on earth must stop for every blooming one; no use to mourn or call a cop, for life needs must be run. Let's greet each day with will to try our best at work we find; the way we live—not how we die—should occupy our mind.—Brick Smith.

CELIA NEWS.

Two Fords collided Saturday about ten miles north of Atkinson. Miss Judith Merison was driving home from town against the wind and sleet covered her windshield so she was unable to see but a short distance ahead and did not notice an approaching car driven by DeSyffe from Stuart. The tracks were deep and frozen solid so he was unable to get out of the way with the left wheels of the car. Miss Judith had both tracks. Mr. DeSyffe managed to stop before the collision and Miss Judith was traveling at slow speed but the shock was severe enough to shove the left front wheels back under the cars twisting the axles and bending the radius rods and smashing the left fenders both windshields were broken, but no one was injured except a few scratches from broken glass.

Did you ever see a shingle bee? Barbers need not answer. Something of the sort was seen up to D. F. Scotts Monday. A few of the neighbors gathered there that day and helped put the shingles on his new barn. There were eleven hammers going most of the day. The people of this community are great knockers.

Conrad Frickel and John Weber shipped a carload of hogs Sunday. The hogs were trucked to the stockyard Saturday. The Keating trucks hauling Webers hogs, 3 loads and the Johnson truck, Frickel's hogs, 4 loads. Fred Turner and family are the proud owners of a brand new Chevrolet automobile which was driven home from Stuart, Friday, where the trade was made.

D. F. Scott made a business trip to Omaha Sunday and Monday.

DODGE INCREASING VICTORY OUTPUT

Factory Receiving Flood of Wires Requesting Increased Allotments and Immediate Shipments of New Six.

Production schedules for the new Victory Six recently announced by Dodge Brothers are to be materially increased, according to John R. Lee, General Sales Manager, to make possible reasonably prompt filling of the telegraphic orders which are being received from dealers in constantly increasing volume.

"Factory production and scheduled allotments for shipment to dealers during the first three months of 1926," Mr. Lee said, "were planned in expectation of a very generous demand for the new car, with its advanced engineering features, but the wires asking for immediate shipment and for increased allotments indicate that by the end of January a decided enlargement of our production plans must be completed so that all purchasers of the new Victory Six may be sure of prompt deliveries. Dodge Brothers immense manufacturing facilities, and orders which have been placed for raw materials, however, are such that it is possible to increase output of this popular type to such volume as will insure care for buyers without any longer delays."

Modern Music Makes Us A Healthier Nation

Gus Arnheim Finds Effects of Dance Tunes Beneficial to Youth of Today

Los Angeles—Is dancing and our modern dance music making a healthy nation of us? Gus Arnheim, famous orchestra director, thinks they are.

"With the growth of large cities, and the exchange on the part of millions of an urban for a rural life, dancing and golfing has completely taken the place of haying and hoeing," contends Arnheim.

"Then, too, most of our music is joyous or humorous. Humorous lyrics always captivate dancers. I get requests every night for 'There's a Trick in Pickin' a Chick-Chick-Chicken,' a new fox-trot. The music is great to dance by, and the lyrics have real humor. It brings laughter to the dancers and so far no dance floor has ever tired of it. The old, sad sentimental songs made people seriously faced. Dancers never really looked happy, only sickly sentimental. Modern music has put a new note in our lives and it has given us a joyous route to health."
