### Did You Ever Mail a Letter—Then Wish You Had It Back?

There is a big business man who seldom attempts to explain anything by letter, although his long distance telephone bill sometimes is as much as \$1,000 a month.

He says he doesn't know a better way to spend this money unless it would be in going to see his customers face to face.

You will find "long distance" a personal and efficient way to clear up little misunderstandings which are certain to occur in any business.

One Policy - One System - Universal Service

The town of Revelstoke, nestled among the Selkirk Mountains in the broad valley of the Columbia river, in British Columbia, is noted for two things: its National Park, situated on top of Mount Revelstoke, and its world famous ski-jump where world records have been made and up to the present date not surpassed.

The Revelstoke Winter Carnival extends from February 6-10 inclusive. During this celebration the fourteenth annual ski-jumping tournament takes place on February 7-8. The famous hill, where the jumps are made, has a total length of 1,780 feet, with a runway of 660 feet. The distance from the take off to the farthest point at which a safe landing is assured, is 280 feet, or 40 feet beyond the present world record.

Nels Nelson, a brakeman on the Canadian Pacific Railway, established his world record jump of 240 feet in 1925. The woman's record jump of 84 feet was also made on the Revelstoke ski hill in 1922, by Isobel Coursier, a record which still stands. Little children in this mountain town who can do little more than walk begin to ski as soon as there is sufficient snow and they are brought up to think no more of skiing than the average child thinks of walking. The children have their own hill and little jumps from which they graduate one by one.

Revelstoke has an unusually large skating rink for the size of the town and there are four curling rinks. The dates for the Banff Winter Carnival are from February 4-11, making it possible for sport enthusiasts to take

part in both events. Canadians are great lovers of the out-of-doors and winter sports are an important factor in the lives of young people in this land of the maple leaf. Quebec and Montreal are the two eastern centers for sports, Winnipeg in the middle west and Banff and Revelstoke still farther west. Western Canada has an abundance of sunshine and the weather is all anyone could desire for it does not freeze and thaw alternately, postponing special competitions or trips, but remains a fairly even temperature. Canadians and Americans will soon realize the futility of traveling long distances and spending large sums of money to enjoy winter sports in Norway, Sweden or Switzerland when there are so many delightful winter resorts in the Dominion of Canada.
