

# Millions of Model T Fords are still in active service

FOR nearly twenty years, the Model T Ford led the motor industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, as Henry Ford himself says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

No matter where you live, therefore, you can still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford over the longest period of time, we suggest that you take the car to the nearest Ford dealer and have him estimate on the cost of any replacement parts which may be necessary. You may find that a very small expenditure will maintain the value of your car and will be the means of giving you thousands of miles of additional service.

JOHN SULLIVAN, Chairman  
E. F. PORTER, Clerk.

the Holt County Board of Commissioners and the State Engineer, it was deemed advantageous for Holt County to build the said bridge under their contract, with the understanding that Holt county is to be reimbursed by the Department of Public Works for the cost of said bridge.  
Therefore be it resolved, that the said Western Bridge & Construction Company be instructed to build said bridge under their county contract. Said bridge to be built according to the plans furnished by the Department of Public Works.  
Above resolution adopted this 28th day of March, 1928.  
E. Gibson  
J. C. Stein  
Upon the above resolution being put to a vote by the chairman it was declared carried and so ordered.  
Petition To Vacate Road:  
To the honorable board of Supervisors:  
The undersigned who own land, or occupy land abutting upon the public road, a petition for the vacation of which is hereto attached, and whose land abutting upon said highway is described opposite their respective names, do hereby petition said board of supervisors to vacate that portion of the public highway described in the petition attached, and hereby waive all claims for damages by reason of the vacation of said public highway, and hereby waive any notice of the vacation of said road, and request the vacation thereof:
