

Boy Scouts Ride in Douglas Truck

Twenty-four first class Boy Scouts will leave Omaha July 23 in a Douglas six-wheel truck, furnished through the courtesy of L. C. Nash, president of the Douglas Truck Mfg. Co. of Omaha, on a 650-mile tour of 29 counties in northern Nebraska. The purpose of the trip is to bring the advantages of scouting before youths of the principal towns on the route and they will stop at practically all of the county seats. The trip will last two weeks.

Many favorable comments on the Running Race Meet and three-day celebration held in O'Neill last week have been received by The Frontier. A number of out-of-town people voluntarily told The Frontier that they thought the celebration was the best held in O'Neill for a number of years. They seemed to enjoy every minute of the time. Anyone who could not have a good time here Tuesday, Wednesday or Thursday of last week would surely be hard to entertain.

The Frontier received a nice letter this morning from George E. Hansen, Route No. 2, Pomona, California, also a picture of Mr. Hansen moving on his twenty acre farm in California; we are unable to print the picture because of the lack of equipment to make the necessary cuts. Mr. Hansen says the letter was written in remembrance of his eightieth birthday anniversary while he is still enjoying good health. In part Mr. Hansen says: "I am still enjoying good health on my eightieth birthday anniversary; I can attend to business as well as ever; am farming over twenty acres of ground alone which nets me \$2,000 each year; I had intended to quit farming when I reached the age of eighty years but my ambition will not let me; I really enjoy my work and believe that it is healthier for me to keep on working; I never get so tired but that I can sleep good unless someone bothers me; I appreciate Sunday and believe that it is necessary for humanity to have a day off for the restoring of soul and body; I am trying to live so that I may have a home on the new earth in the hereafter."

Emmet Doyle, of Chicago, is visiting friends here this week.

Miss Virginia Fariss, of Broken Bow, was visiting Miss Helen Gains the past week.

Mr. Nollkamper also visited at his ranch on the Eagle creek north of O'Neill occupied by Horace Hanneff and family.

Norfolk Press: Mrs. Frank Oberle of Holt county, was a guest in the Weekes home yesterday motoring here with her cousin, George Baker, of Ohio. The Oberles own a 960 acre farm in Holt county with all modern improvements and made it all right there. We wish we were able to tell the story of its making as Mrs. Oberle tells it. It is a prose poem and a romance and having been her guest and seen the place we know it is all true.

THE true use of the mouth is not merely to make a noise, any more than the proper use of money is to make a show of the spender.

This bank carries no indebtedness of officers or stockholders.

Mr. and Mrs. S. J. Weekes and Mr. and Mrs. J. A. Donohoe left today for Pequot, Minnesota, where they will enjoy an outing for a few weeks. They will, like President and Mrs. Coolidge, do considerable fishing; we are not advised whether they will use angle worms or flies in casting for game fish; anyway they will undoubtedly enjoy the entire trip.

A letter received here by friends of the Longstaff's states that Mr. and Mrs. Ernest Goodenberger and two sons are on their way to the United States from the Yunnaan province in China where they have been doing missionary work and are expected to land sometime in September. Mrs. Goodenberger will be remembered here as Hilda Longstaff.

'Why Should I Buy A Goodyear Tire?'

Come into our store and ask this question, man to man: "Why should I buy your tire?" You won't need to ask another.

All we want, whether you buy or not, is an opportunity to explain why the Goodyear is called *The World's Greatest Tire*.

Here's why:

- 1 Its sturdy carcass is made of Supertwist, which means fewer fabric failures and less tire changes on the road.
- 2 Its new design of tread gives the best traction and car control ever afforded by an automobile tire.
- 3 Its tenacious ability to grip the road gives the greatest possible degree of safety.
- 4 Increased area of road contact and added All-Weather blocks insure slow, even tread wear and greater satisfaction to the user.
- 5 Quietness and smooth running are also made certain by the new tread.
- 6 This new Goodyear is admittedly the World's Most Beautiful Tire.

The best proof of all this is the tire itself. Come in today and see this masterpiece, the Goodyear All-Weather Balloon

"EASY COME, EASY GO"

WITH NANCY CARROLL
A Frank Tuttle Production
(A Paramount Picture.)

YOU don't have to chase the laughs in this Dix picture. They come right to you—just rolling along. Richard Dix has far from an easy time of it in this picture but there's an easy time of laughter for all who see it. There's an honest American boy who just can't stay out of trouble, a good-humored crook whom everybody loves and a girl—what a girl!
