Electric Dryer GUARANTEE of Satisfaction

You will be completely satisfied with your new electric dryer after 30 days or you will get your money back. This unique guarantee applies to any new electric dryer purchased from a Nebraska-Iowa Electrical Council dealer between October 19 and November 30, 1959, and installed on Consumers Public Power District Lines.

Only electric dryers carry this sort of guarantee. You don't have to prove anything to us—just return your electric dryer to the dealer from whom you bought it and the full purchase price will be refunded. We know you'll be delighted with your electric dryer because . . . an electric dryer is fast—and it's clean and safe as electric light!

Leave all the drudgery of laundry lugging and clothes pinning behind. An electric dryer is such a convenience—in any weather—at any hour—you can have soft fresh clothes—ready to fold and put away or damp dry for ironing. And you'll enjoy years of trouble-free service with an electric dryer because of its simple construction and minimum number of parts.

It costs an average of only \$1.08 a month to dry clothes the modern electric way. You actually operate your dryer for two to four years—on the money you save on the purchase price alone.

NEW SPACE AND MONEY-SAVER
A combination electric washer-dryer takes up little space and costs less than two separate appliances. Saves work, too. Just load it, set a dial—and take out clothing ready to iron or put away. Ask your dealer to show you one of these new combination units.

Blackstone - Coronado - Easy Frigidaire - General Electric - Hotpoint Imperial - Kelvinator - Kenmore Maytag - Norge - Philco-Bondic RCA Whirlpool - Speed Queen Westinghouse - Wizard
