**ATTENTION FARMERS**

We would like to supply your fertilizer nitrogen needs this spring.

Anhydrous Ammonia is Nebraska's lowest priced nitrogen. The results cannot be bettered by any other form of nitrogen. Anhydrous Ammonia is the most concentrated form of nitrogen. Easier to handle, no bags, extra bulk or extra freight and a much longer application season.

We are much better equipped this year with applicators, nurse tanks and trucks and will have a man at the plant at all times. Our plant is just across the street north of the Atkinson sale barn.

The price of this is 9 cents per pound of available nitrogen and we furnish the above equipment.
