Letters to the Editor  
Ord, Nebraska  
Sept. 27, 1960

Dear Editor: The Democratic campaign plan proposes more wild spending, the same sort that Nebraska's Democratic Congressmen McGinley and Brock have been only too willing to support.

The Democrats have gotten away with ever-increasing spending by trying to make the public think that the "rich" are going to pay the increasing taxes. However this is not true. The wealthy are already hit for up to 90% of their income—there is not much more obtainable from them.

Rather, it will be those in the low and middle income brackets who will be hit for the taxes if the Democrats are elected.
