Complete Dispersion of the Martens Estate 7-Up Brand Hereford Breeding Herd At Public Auction THURSDAY, NOV. 9

Starting at 1:00 P.M.  
AT THE MARTENS RANCH — Located 6 miles south of Atkinson, Nebr., on Highway No. 11, thence 1 mile east, 1 mile south, 3 miles east and 1 mile south to the place.

138 — Head of Outstanding Hereford Cattle

100 Hereford cows, known to many for the quality of calves and yearlings they have produced. The Martens herd has been one of Holt county's long-established Hereford herds. The cows are the big type, light colored cows which possess the scale and overall quality only years of constructive breeding can do for a herd. Ages are the best—for the most part 3 to 7 years old—only a handful older. Many are originally registered heifers or cows from some of the leading Nebraska herds. You will have the opportunity to see the calves they produced this year. If you are looking for some real top cows, we invite you to attend this auction.

80 — HEAD OF SPRING CALVES Steers and Heifers

The steer calves will make top yearlings, and many of the heifer calves are certainly replacement or foundation female quality.

3 — HEREFORD BULLS

One is a CK Crusty, one a Pioneer bred bull, and the other one was raised on the Martens Ranch.

9 — EXCELLENT HOLSTEIN MILK COWS

Ages four to six years old. Three are fresh now and the other six will freshen from December to January. These are big cows, proven producers—the kind dairymen like to own.

500 Tons of Prairie Hay Will Be Sold in Stack  
TERMS OF SALE: CASH LUNCH WILL BE SERVED
