Keep Your SILVER
Lastingly Bright with **TARN-I-SHIELD**
Available now in an Aerosol Container **2⁴⁹** per can

"Tarn-I-Shield" is a quality tarnish preventative and cleaner for silver, for use on any sterling or silver-plated flatware or hollow ware... long sought answer to keeping silver bright and lustrous.

CLEANING ACTION
"Tarn-I-Shield" Brand Tarnish Preventative and Cleaner cleans with a gentle action, without scratching, abrading or dissolving silver. It contains no harsh abrasive or strong metal-attacking chemicals—an important feature on silver-plate where the layer of silver is less one-third the thickness of this paper.

PROTECTIVE ACTION
"Tarn-I-Shield" protects silver chemically. As silver is cleaned, the tarnish preventative chemically forms an extremely thin invisible layer on the silver. Unlike a lacquer.

TARN-I-SHIELD
Available now at **McINTOSH JEWELRY**
