

# St. Mary's Convent To Hold Open House November 12

## Public Invited To Tour Building Sunday, Nov. 12

An invitation has been extended to all residents in this area, regardless of church affiliation, to attend the open house observance at the new St. Mary's convent Sunday, Nov. 12, from 2 to 5 p.m.

Tours have been arranged so viewers may see the entire building which is modern in every way and beautiful in its simplicity. It is truly a fine addition to the O'Neill community.

Friends of St. Mary's will serve refreshments during the afternoon.

A personal invitation has been made by Monsignor Timothy O'Sullivan who urges everyone to attend the open house and tour the building Sunday. "All visitors are most welcome," states Monsignor O'Sullivan.

Following open house Sunday St. Mary's convent will be ready for occupancy and will have room for 18 nuns plus an additional guest room.

Fourteen of the rooms are located on the upstairs floor with individual lavatories. There is a large bathroom on the upper floor, linen closets, sewing room, hand laundry room and a large study

room.

On the main floor there are four rooms for the sisters, a guest room, private dining room, larger dining area with cabinet space and a complete, roomy kitchen.

The front door on the north side of the convent opens into a receiving room. The south walls of this room are constructed of glass-

like plastic interlaced with small colorful pieces resembling stained glass.

The chapel is located at the east end of the main floor where large windows of plain and stained type glass in vivid colors give an airy appearance to the room. An altar made in Mexico is placed at the south wall of the room.

A recreation room, space for trunks and additional storage, the furnace and hot water heater room and a large laundry room are in the basement.

Steel and bricks were used in the construction of this modern building with only doors and cabinets in wood, thus lessening fire hazard.
