## Trucks Bring The World

**To Your Door... No Matter Where You Live!**

Trucks are the only commercial vehicles which serve all of Nebraska—bringing merchandise and materials from every part of the world to every Nebraska household, farm and business concern.

In fact, for hundreds of Nebraska communities motor vehicles are the sole means of transportation—autos and buses for passengers, trucks for freight. These communities are not served by any other transportation system!

So, you see, because trucks can and do go wherever there are roads, ample supplies of food, furniture, medical supplies, tools and machinery—necessities and luxuries from everywhere—are available anytime to people in all of Nebraska.

Those in small out-of-the-way communities are as well fed, well housed and well clothed as the people of Nebraska's largest cities—thanks to trucks!

And, in addition to bringing you everything you eat, wear, or use, trucks provide employment for over 70,000 Nebraskans and pay a large share of the taxes that go to build and maintain Nebraska's roads and streets.
