A RECORD OF PROGRESS

" . . . the issue in this gubernatorial campaign is whether or not our PROGRAM FOR PROGRESS will be allowed to be completed. The practical answer is on the side of continuing the present administration which has now accomplished so much for Nebraska . . . all within the framework of a REDUCED OVER-ALL STATE TAX MILL LEVY."

• HIGHWAYS

During the past two years, the greatest highway construction program in state history has started—a 20 per cent increase in actual miles under construction.

• INDUSTRY

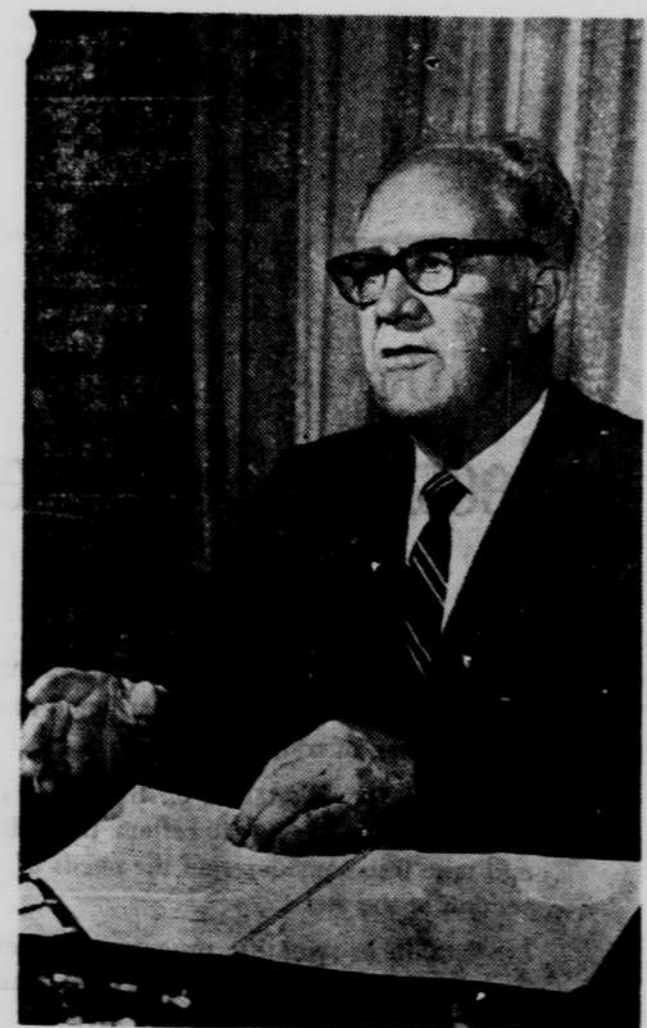

44 new industries during the past 18 months—the start of a program to materially assist in the state's attracting even more new payrolls, providing more employment opportunities.

• AGRICULTURE

Nebraska's research program has placed the state in the unchallenged lead in the nation in industrial uses of farm products—19 more programs are in various stages of development.

• TOURISM

Millions of new dollars have come into Nebraska through its tourist development program. NEBRASKALAND as a vacation-land has been opened to all of America to enjoy.

" . . . among the most outstanding contributions of the Morrison Administration to state progress is the alerting of thousands of Nebraskans to two intangible requirements for progress—

1. RE-AWAKENED STATE PRIDE IN NEBRASKA.
2. BELIEF IN NEBRASKA'S CAPACITY FOR GREATNESS."

RE-ELECT **GOVERNOR FRANK B. MORRISON** FOR **NEBRASKA** RE-ELECT
