Work of Vandals Could Cause Tragedy

VERDIGRE — Otto J. Jedlicka, owner of the Gambles store, discovered that vandals had let the gas out of four bottles of Propane gas, on Friday night. The bottles are kept in the rear of the store. Mr. Jedlicka said that this kind of work could cause thousands of dollars of damage of property and loss of lives. Being heavier than air, free propane gas tends to flow like water, seeking lower levels, and if ignited could cause damage wherever it settled.

Knox county sheriff, Pat Ryan, is investigating. He obtained two caps from the cylinders for finger prints.
