## Eagles Still Undeclared; Page News Win Sixth At Laurel

The OHS Eagles came on strong after a slow first quarter to grab victory number six at the expense of the Bears of Laurel. Four Eagles scored in double figures in the 63-51 triumph with 6' 7" pivot man Rich Hill paving the way with 15 points. Sophomore Ivan Hurley cleared the boards for 19 rebounds and Big Rich pulled down 18 to control the boards for coach Don Kokrda's squad.

After three minutes of scoreless ball in the first quarter the O'Neill crew came on with nine points while holding the hosting Bears to five. About then Big Rich shunned his harness and hit for four quick baskets that put the Eagles out of reach for the remainder of the contest. The 26-18 halftime lead spurred to 42-29 at the end of the third period as the big blue came back after the intermission with fine rebounding and outside scoring.

Coch Kokrda cleared the bench in the fourth stanza as the visitors added 17 more points to hike the final score to 63-51. Frontcourt men Rich Frost, with 14 points, and Terry Kurtz with 11 turned in their best games of the season while holding Laurel's outside scoring to a minimum throughout most of the contest. The 6' 2" Hurley also flipped the net for 14 points for the Eagles.

The Eagles, rated 9th in class 'B' in the World Herald and 12th in the area in the Norfolk paper, will take on two Rangeland Conference foes this weekend. On Friday night the big blue will host the Badgers of Valentine, then on Saturday they'll travel to Ainsworth.

The home team Bears were led by Ron Graham with 16 points.

## Kearney State To Offer Courses In Journalism

High school graduates interested in preparing for community newspaperwork have a new opportunity to them. They now can major in journalism at Nebraska State Teachers College at Kearney.

The new program, effective next September, will offer students courses that will help them get jobs on weeklies and dailies in Nebraska.

Students will be able to take as many as 19 courses in basic newspaper operations such as reporting, photography, editing, advertising, feature writing, printing and legal aspects affecting the press. Previously only a minor was offered.

This study program also will enable students to prepare as advisers of high school newspapers and yearbooks.

Teaching many of the courses will be Walter Stewart, former newspaperman and publisher of the Farmington, Mo., Press who is introducing the new sequence of courses. Others who will teach parttime in the Journalism Department will be Don Briggs, NSTC public relations director; Eugene Buck, who will handle the printing courses; and Robert Larson, who will instruct a basic radio-television course.

Arrangements are being worked out to have Nebraska newspapermen help instruct in reporting, advertising, editing, and community newspaper courses.
