Only MAYTAG sets its own drying time electronically. 72 Moisture sensitive electronic "fingers" constantly feel your clothes. prevent overdrying, reduce wrinkling, make ironing easier. Now clothes need less ironing because wrinkles are never baked in. The new Maytag Halo-of-Heat Dryer with Electronic Control dries clothes exactly right, then shuts itself off. Clothes come out soft and fluffy; so easy to smooth and fold; and, best of all, so easy to iron. Available in either gas or electric.

See this and other appliances on display today at Consumers Public Power offices in O'Neill or stop at one of our stores and see the complete line of Electrical Appliances designed to make your housework more enjoyable.

As your clothes gently tumble through the drying chamber of your Maytag, 72 electronic "fingers" constantly test their moisture content. When the clothes "feel just right," the electronic control turns off the heat and your clothes are dried perfectly.

NO HOT SPOTS. Other dryers do this... Clothes come in contact with one central heat to 110 degrees. Result: Overdrying in common. New Maytag Dryer does this... Regulates heat to 110 degrees. Ends overdrying, and clothes dry fluff.
