## Cancer Society Begins Crusade Here April 22

The American Cancer Society will launch its annual educational and fund-raising crusade in Holt County, April 22 through 27.

Again this year, the Society will emphasize "To Cure More, Give More" and "Fight Cancer with a Checkup and a Check."

With more than 1,200,000 Americans now alive cured of cancer, and the prospect of saving many more lives, stresses the need for a successful 1963 Crusade.

The first goal of the 1963 Crusade will be to get more people to doctors in time for early treatment. An annual health check-up is a person's best protection against death from cancer.

Another part of the first goal is the objective of making sure that physicians are informed on the latest methods of diagnosis and treatment. When a person goes to a doctor, he should receive all the benefits of the best medical knowledge and skills.

The second goal of the 1963 Crusade, will be more money needed for research. Only through research can we hope eventually to save the one half of those who develop cancer who can not now be saved.
