

Two New Families in Locality

By MRS. BLANCHE SPANN PEASE

Most homemakers are busier than a kid with two ice cream cones these days. Children, house and meals need their attention, and garden and flower borders cry out for attention, too.

So we like to serve something simple that doesn't take much time. Maybe your family will enjoy this.

RICE CREAM

One quart milk, 1/2 cup rice, two level tablespoons sugar, one level tablespoon granulated gelatin, 1/2 pint whipped cream. Scald the milk in a double boiler and add the rice and cook until tender. Turn out, add the sugar and when nearly cold, add the gelatin which has been softened by standing in half a cup of milk for 10 minutes. Heat both milk and gelatin till the latter is melted. As soon as the mixture shows signs of setting, add the whipped cream, stir it in lightly, and turn into a wet mould. Chill thoroughly, turn out and serve with fresh or cooked fruit.

Dorsey Reader Shares Spring Ideas—Dear Blanche: I so enjoyed a recent letter

from a "Dorsey Housewife" and recognized her as a neighbor of mine. It made me realize that I have been very slack this past year. Most people are getting too busy with housecleaning, garden and such to write, but since I'm just recovering from major surgery, it's the most appropriate time for me.

To my knowledge, only two new families have moved into the Dorsey and Redbird communities this spring. We hope they'll be very happy in their new homes.

Our oldest son has a birthday anniversary Saturday. Ordinarily, I'd be fussing around about what we are going to have to eat then, but this year it'll have to be something which takes very little effort, most likely coming from the home freezer. What a wonderful help! It's been praised every day since we got it.

With gardening at hand, I wonder if the readers have tried adding vinegar or salt to the effort, most likely coming from the home freezer. What a wonderful help! It's been praised every day since we got it.

Wrap the roots of your plants with a small piece of newspaper when setting them out to keep them from cutting them off. Stick a small tree branch beside each plant. By the time the tree leaves have withered the garden plant will be able to survive the hot sun.

If you'll "treat" a pair of cotton gloves as you would a dust cloth, they'll be very helpful in cleaning Venetian blinds or house cleaning in general. A pair of old socks are fine, too, as you can wear them as mittens.

Are you short of chairs when having a party? Fill the children's plates and seat them on the stair steps. Solves the problem and they'll think it's great fun.

Use nail polish remover to remove the sticky mess left from either adhesive or transparent tape.

Wishing you a healthy and prosperous summer. A DORSEYITE

Buy More Beef—An excellent buy in the heart of the cattle country and the National Cow Belles have given me permission to share with you some of the recipes from their beef cookery book.

STUFFED FLANK STEAK One flank steak, salt, pepper, flour, four cups bread cubes, two small onions (chopped), 3/4 cup chopped celery, 1/2 teaspoon sage, three tablespoons butter.

Beat steak lightly crosswise, sprinkle with salt and pepper, dredge with flour and pound well with a potato masher. Combine bread cubes, onion, celery, sage and butter. Moisten with water and season with salt and pepper. Spread stuffing over steak, roll and tie with string. Brown in fat, then add 1/2 cup water and cook in moderate oven of 350 F. about 1 1/2 hours, or until tender. Baste occasionally. Serves six.

FARMERS' STEAK Two pounds round steak, cut into serving pieces and dipped into flour. Brown well on both sides, add one can gumbo creole or chicken gumbo soup, one can

onion soup or two onions, cut up. Cook in the oven until tender, at least 1 1/2 hours. Simple, but very delicious.

SMOTHERED ROUND STEAK Roll cut pieces of round steak in flour, with salt and pepper added. Brown in hot drippings from trimmings. Add a small amount of water and put in oven at 350 F. (covered) for an hour. Then cover with cream of mushroom soup and bake slowly for another hour. This should be very tender, moist and delicious.
