Having Your Own ROTO-BALER...

can help save \$12 per cow each year.

Feed value lost between forage in the field and hay in the manger can amount to \$12 per cow annually, research workers have found.

Saving hay's rich feed value for you is the job round bales made by ROTO-BALERS do best. Round bales seal in protein-rich leaves—shed rain like an umbrella. What's more, they're easy to handle, too.

Start catching up on feed loss this year. Bales when your hay is best with your own ROTO-BALER built by Allis-Chalmers. Come in. Let us show you the advantages.

ROTO-BALER is an Allis-Chalmers trademark.
