New Check-Out System to Go into Effect At City Pool

1. SHOWER WITH SOAP AND WATER BEFORE PUTTING ON WET SUIT. A soap and water shower is required by the State Department of Sanitation. If all bathers will follow this rule, they will find the pool water much more enjoyable, as all germs not removed before entering the pool, must be destroyed by adding chlorine to the water. Naturally the greater the amount of germs, the greater the amount of chlorine needed. It is also desired that sun bathers who must use sun tan lotions, shower again before entering the pool, as the oils greatly hinder the operation of the filter system.

2. TAKE BASKET TO CHECK-OUT WINDOW. As none of the baskets will be numbered you must wait for the attendant to issue you a pin. (REMEMBER! SHOWER BEFORE PUTTING ON YOUR SUIT.)

3. RETURN PINS UPON CHECKING OUT. Lost pins must be paid for.

All bathers are requested to use the footbaths. This is for your own protection. Pool regulations are posted on the board. These rules are for the protection of the bathers and pool equipment. The kiddie pool is free of charge, but all children must be supervised by an adult. Parents please refrain from sending children to the kiddie pool alone. Children under 8 years of age will not be admitted to the swimming pool unless accompanied by an adult. Pool hours: 1-9. In case of delectable weather, listen to your local radio station. Adult night: Tuesday. Special nights can be arranged for by church or other civic organizations.

A satellite television station, proposed for the Long Pine vicinity and conceived by Ainsworth boosters, was discussed. The Holdrege TV station has made a preliminary survey of the region with a view toward erecting a satellite which would assure good reception within a 50-mile radius and fair reception for a greater area.

The Ainsworth group promoting the plan on a nonprofit basis estimated 300-400-dollar would have to be raised by popular subscription.

Ed Thorin of O'Neill and Ken Werner of Chambers recently accompanied an Ainsworth delegation to Holdrege for a conference.

Navy Cmdr. Albin Koening of Pensacola, Fla., Thomas Broderick, secretary of the Chadron C of C, and Mandus Olin of Spencer were introduced by John R. Krotzer.

Twenty-eight were present for the dinner meeting at Slat's.

State Abandons Maintenance

a junction with highway 20, south to Ewing.

All stop signs, directional signs, warning signs and other traffic control devices will be left in place on these roads, and will become the responsibility of the county for future maintenance and replacement. All route markers, route marker arrows, junction signs, distance and population signs and other miscellaneous guide signs will be removed by the department.

The reduction of the state highway system, amounting to more than 45 miles of Holt county road being dropped from the state system, was bitterly fought by State Sen. Frank Nelson in the 1935 session of the legislature, and also was opposed by the Holt supervisors.

It Happened In NEBRASKA---

Among the oddities of early pioneer travel was the "wind" wagon. One group of men, adding sails to their handcart, traveled from Missouri to the mountains in just 20 days! This equalled the speed of horse-drawn vehicles at that time—and certainly best oxen, the standard "horsepower" of the day.

Not Enough Cattle to Fill Orders The managers of the O'Neill market have been receiving numerous orders for yearlings and calves the past few days from eastern Nebraska, Iowa and Illinois cattle buyers. During the past few weeks we have not had enough cattle to fill the demand. Under general moisture and pasture conditions, this might be a good time to sell. We're expecting 250-300 cattle today (Thursday) in connection with our regular weekly sale, but hope for more. Already in yards are several nice loads of mixed long yearlings and part loads of short yearlings. There will be 250 feeder pigs. O'Neill Livestock Market Phone 2, O'Neill
