

### Betty Troshynski, Richard Minton, Jr., in Church Nuptials

St. Patrick's Catholic church in O'Neill was the setting for the wedding of Miss Betty Troshynski, daughter of Mr. and Mrs. Mike Troshynski of O'Neill, and Richard Minton, Jr., son of Mr. and Mrs. Richard Minton, Sr., of O'Neill at 9 a.m., Thursday, June 28.

Rev. Thomas Hitch officiated at the double-ring ceremony. The altar had been decorated for the occasion by Rita Jilg.

The bride, given in marriage by her father, appeared in a gown of lace and nylon net over satin, featuring a lace bodice with a pointed collar and long sleeves that tapered to bridal points at the wrist. A jeweled crown held her fingertip illusion veil and she carried a bouquet of white carnations centered with red roses.

Mrs. Francis Hershiser and Miss Miriam Troshynski, both of O'Neill, served their sister as matron-of-honor and bridesmaid, respectively. Mrs. Hershiser's gown was of yellow lace and net over satin and that of the bridesmaid was lavender lace and net over satin. Each carried a bouquet of mixed garden flowers.

Larry Minton of O'Neill served his brother as bestman and Jerome Gallagher, also of O'Neill, was groomsmen. The bridegroom and his attendants wore blue business suits and white carnation corsages.

Ushers were Francis Hershiser, Erwin Murray and Bill Petsche, all of O'Neill, and Harold Krugman of Spencer.

Marilyn Lowery and Dick Bosh of O'Neill, cousins of the bride, were flowergirl and ringbearer, respectively.

Miss Sharlene Shoemaker played the nuptial music and accompanied Miss Janice Turner, who sang several solos.

Following the ceremony a breakfast was served for 24 guests by the parents of the bride at their home, with a reception from 2 to 4 p.m., also at their home.

The bride chose a navy blue dress with white accessories for their wedding trip. Upon their return they will be at home at 923 Clay street, O'Neill.

Mrs. Minton was graduated from St. Mary's academy and has been employed at the Lee store as a clerk. Mr. Minton attended St. Mary's academy and Norfolk Junior college. He is employed by O'Neill Auto Supply in O'Neill.

## Salary Increase Sought by 92

LINCOLN — Legislators may probe into the matter of state-house salaries again in the 1957 session.

This is a perennial problem in state government and especially in the statehouse where there are so many people in the same classification working under one roof.

Many stenographers, for instance, get widely different salaries for the same jobs.

It doesn't take long for the fact to get around by way of the statehouse grapevine.

Some department heads, in an apparent move to combat the problem, have been hiking the salaries of employees. One department asked for pay increases for 92 persons.

**State Tax Commissioner Fred Herrington turned down the request for the blanket hike.** He has the job of checking such requests to see if the department involved has enough money on hand to handle them.

After the request for the blanket hike was received, Gov. Victor Anderson took over.

The governor summoned department heads and asked them to cooperate in a "hold the line" policy on salaries, regardless of whether they come from federal or state funds.

Governor Anderson said his policy is no blanket pay hikes. And he asked the department chiefs to explain to him by letter any changes upward in salaries.

The governor doesn't have any control over what elected department chiefs do regarding salaries. But he said he got a "fine impression of cooperation" from the chiefs.

Said the governor, "I don't care whether the employees are paid from state or federal funds. I'm just as careful of federal funds as state funds. It's all taxpayer money."

Anderson says he has a "hold the line" policy for the departments immediately under his jurisdiction.

One of the big problems in state government, he said, is inequality of wages and policy concerning employees. The governor said at one time he felt that perhaps a statehouse personnel director might be part of the answer. But, he said, "maybe some better method could be worked out."

"Any salary hikes should be done every two years on approval of the legislature's budget committee," the governor said. "A study should be made every two years to see if we are paying fair wages."

The legislature every session gets into the matter of salaries and observers predict the next one will be no different.

**National Conventions—**

Nebraska delegates to the republican national convention this summer apparently want to keep Vice-President Richard Nixon.

Support for President Eisenhower is solid and delegates to the convention, answering a poll, were almost 100 percent for Nixon.

A few said they didn't want to comment since the matter was up to the presidential candidate. Eleven of 18 delegates either listed Nixon or had previously come out for the Eisenhower-Nixon team.

But, a check of the democratic convention delegates showed they are more interested in finding someone who could unseat President Eisenhower than they are in listing names.

Several of the candidates said they would support whoever seems most likely to unseat the present administration.

The way the democratic lineup now stands, Sen. Estes Kefauver has four votes with eight delegates uncommitted. Kefauver was the only democratic entry in Nebraska's May primary.

But there was indication of objections to Kefauver and if he went to the convention this summer with considerable strength he could possibly get the support of the entire delegation from Nebraska.

Generally, on the matter of a vice-presidential candidate the

**Normal Board—**

Complete plans are going to be drawn up for two new dormitories and a combination dining hall-student union at Kearney State Teachers college.

The state normal board, which governs the teachers' colleges, has approved preliminary sketches of the new buildings. The dormitories, one for men and one for women, each will house about 100 students and cost around \$300,000 apiece. The other structure is expected to cost about \$200,000.

The buildings will be financed by issuance of self-liquidating bonds.

At Wayne State Teachers college, a new \$750,000 auditorium-gymnasium will be built. Bids will be handled in August. It will be constructed from the special state building levy.

Also authorized are 16 additional married student housing units at Chadron State Teachers college. They are expected to cost about \$90,000.

**NOTICE TO HOG RAISERS**

As a suggestion to the transportation of Hogs to the BUTTE LIVESTOCK MARKET during this severe heat...

We can not buy insurance to cover the death of livestock from heat while penned up in no moving pens, but as the insurance of in transit means that livestock is insured until it reaches or passes over the scale to a new owner.

We will be very happy to cool all hogs as good and as fast as we possibly can in order to get them back on their feet.

Yours for the best of service,

### Federal Gas Tax Increases Penny

On Sunday, July 1, the federal tax on gasoline was increased one cent per gallon as part of the 13-billion-dollar increase in federal automotive taxes enacted by congress this year for the financing of the 13-year federal highway program.

This increase, added to the present two-cent federal tax and the six-cent Nebraska state tax, will bring total state and federal taxes in gasoline to nine cents per gallon.

Nebraska's first gas tax, two cents per gallon, was imposed in 1925.
