THE JOHNSON RANCH

THE LAND
This well-located ranch has been owned and operated by the Johnsons for many years. Running water through all pastures, also through all feed yards and corrals. There is ideal natural protection for wintering livestock.
This ranch is divided as follows: About 550-acres in wild hay, 40 acres in corn (1956), nearly 100 acres in newly-planted alfalfa and building sites, and the balance—970 acres—is pasture and winter grazing.
Niobrara river forms north boundary on layout and improvements are situated about 1 1/2 miles west of U.S. 281 although some hay land is located on both sides of highway. Approximately 300 acres of accretion land lies north between boundary of ranch and river channel. This is used for grazing.
Purchaser will gain benefit of all fall and winter grazing. Land will be sold ahead of hay and feed in order that purchaser may have that advantage.

THE IMPROVEMENTS
There are two complete sets of improvements with REA provided at both and mail route past each place.
Spring-furnished running water to seven-room house at north (home) place. No well or pump needed. Other improvements include: Large barn, 36' x 50'; garage; poultry house; moveable granaries and feed storage buildings; running water through yards and winter quarters.
On south place there is a modern, new seven-room dwelling; new cattle shed, 40' x 60'; new garage; new poultry house, 12' x 16'; open cattle shed; granary; also an abandoned house which might be razed or moved.
Ranch is ideally suited for owner-employee or partnership operation. Sets of improvements situated about half-mile apart. Good schools, shopping centers, churches at Spencer (8 miles away) and O'Neill (24 1/2 miles).

TERMS & CONDITIONS
Twenty percent down on date of sale. Abstract of title and deed will be furnished purchaser upon final settlement. Possession may be had this fall to give purchaser benefit of winter grazing and rough feed.

INSPECTION OF PREMISES
Your inspection is invited, by contacting the owners, who reside on the ranch; or by contacting Col. Ed Thorin, O'Neill, auctioneer and real estate broker, or by contacting the Nebraska State Bank, Bristow.

AUCTIONEER'S COMMENT
This is a 125-150 cow ranch, well-fenced and cross-fenced, abundance of running water and excellent weather protection. Layout must be seen to be appreciated. Investors would do well to look over this property, one of the better medium-size ranches, and look over its many natural advantages. Property is being offered only because of the retirement of the present owners by reason of ill health.—COL. ED THORIN.
