MORE HEAT and LOWER COST with Warm Morning Gas Heaters!

Here's the big, important difference in WARM MORNING Gas Heaters. The HEAT RAMP—an exclusive feature—exposes more heating surface to flames. You get more heat with less gas. The HEAT RAMP circulates more air, soaks up heat often lost up the flue, shoots heat out where you need it—at body level.

See your Kansas-Nebraska local manager and ask him to show you the WARM MORNING Heaters with the exclusive HEAT RAMP!
